Teen Power Politics

Sara Jane Boyers

TEEN POWER POLITICS DOES IT
BEST WHEN IT'S NOT TOO EARLY
AND WHEN IT'S NOT TOO LATE

School Library Journal - January 2001
"Students who are not yet 18 may feel powerless because their opinions are not tabulated at the polls but, according to Boyers, that is no reason to be silent. She enthusiastically delineates ways in which teens can get involved in politics and can work to effect change. This book fills a niche and strikes the perfect balance between presenting inspiring case studies of young people and a thoughtful examination of the history behind American Politics. A good addition that reads a positive transportation message."

Booklist - December 2000
"If format alone can inspire readers to pick up a book, they'll pick up this one. ... After reading the closing text, however, they'll understand the impact [teens] have. ... Best of all, Boyers isn't trying to sell students on anything except an awareness of how their political views are shaped and how to refine and voice their political views."

"This book will teach you how to be heard and be counted. A must!"

Young Adult Library Services Bulletin - The Year

"Whether they're old enough to vote or not, young readers of *TEEN POWER POLITICS* will be motivated to speak up and get involved in issues that affect their lives. Filled with useful information and inspiring stories of powerful teens, this book is a wake-up call for young people and a reminder that they don't need to wait until they're 'grown up' to make a difference in the world."

"All progressive or radical change throughout history has involved teenagers. From the French and American revolutions, to the struggles for women's, minorities and worker's rights in the United States, to the liberation struggles throughout the third world, young people have courageously stood up, for justice and freedom throughout history."

Booklist - November 2000

"TEEN POWER POLITICS understands that teens not only have rights, but the energy and determination to exercise them for the good of all of us. I applaud her, she is a true advocate for teens."

Young Adult Library Services Bulletin

Discussing a fellow youth advocate gives one quite a boost. As we face the challenges of our jobs whether coping with troubled teens or justifying every move to district administrators—we must find each other the energy to keep it in. At YALSA's reception in June 2001 of the American Library Association (ALA) Conference ... I met a youth advocate with that infectious spirit: Sara Jane Boyers, author of our *Teen Power Politics* (not book).

Teen Power Politics, Sara Jane Boyers' third ... With vibrant style, Boyers encourages teens to become activists, teaching them how to get involved in the political process, to become informed and questioning consumers of news and media, and to make a stand. She reminds teens that despite being too young to vote, youth have powered major movements for social change. ...
