

My Thoughts

While understanding your skills is one thing, it's not enough if you have a good idea but don't have a plan to market it. You need to be a good marketer. You need to be able to sell your idea. You need to be able to get your idea out there. You need to be able to get your idea out there.

Stronger Writing Skills for Teens Gregory Berry, 2018-08-16 Stronger Writing Skills for Teens offers middle and high school teachers strategies, techniques, and materials for teaching adolescent writing in a variety of modes. A practical and useful resource for classroom teachers, the book focuses on quality writing instruction within the modes of writing as defined by Common Core State Standards. Examples of student work are included to illustrate effectively designed assignments and strategies for writing and revising. It includes methods for teaching vocabulary and academic language to help students improve word choice and use of language in their writing. Tools for assessing and grading student writing are also included, as well as suggestions and resources for effectively using writing rubrics and scoring guides. Narrative, expository, explanatory, argument, and research writing are discussed with specific strategies, suggested materials, and ways to approach the modes. Teachers will also find suggestions for helping students learn to incorporate multimodal text into their writing and successfully write in digital contexts, as well as methods for helping students master timed and on-demand writing.

Library Programming for Autistic Children and Teens Amelia Anderson, Barbara Klipper, 2021-04-12 Foreword by Barbara Klipper Since the first edition of this landmark guide was published, there has been increased interest in services for library patrons on the autism spectrum. Indeed, more people of all ages now self-identify as autistic. Those who understand the unique characteristics of autistic young people know that ordinary library programming guides are not up to the task of effectively serving these library users. Well-qualified to speak to this need, Anderson is an educator, library researcher, and former public librarian who has helped to develop two IMLS-funded initiatives that train library workers to better understand and serve autistic patrons. Here she offers librarians who work with children and teens in both public library and K-12 educational settings an updated, comprehensive resource that includes an updated introduction to the basics of autism, including language, symbolism, and best practices in the library, rooted in the principles of Universal Design; step-by-step programs from librarians across the country, adaptable for both public and school library settings that are cost-effective and easy to replicate; contributions from autistic self-advocates throughout the text, demonstrating that the program ideas included are truly designed with their preferences in mind; suggestions for securing funding and establishing partnerships with community organizations; and many helpful appendices with handy resources for training and education, building a collection, storytimes, sensory integration activities, and a Tips for a Successful Library Visit template. Parent School, 2004-02-19 A collection of 78 original essays from the most respected parenting authors of our time.
