Teenslibrary Developing Internet Services For Young Adults:

Digital Inclusion, Teens, and Your Library Lesley S. J. Farmer, 2005-03-30 The digital divide is a disturbing reality and teens in our society increasingly fall into distinct categories of technology haves and have nots whether or not computers are available to them in the schools This trend undermines the futures of our youth and jeopardizes the vitality of our society Today s librarians are in a unique position to help bridge the gap This guide helps librarians to identify tech nots technologically disadvantaged teens in a community or school and to reach out and build information literacy in underserved teen populations Farmer goes beyond recommending computers for every teen and demonstrates how to overcome teen misperceptions and disinterest in computers After examining the problem and the populations most affected the author discusses how to build awareness and motivation train staff create space and time build the collection develop partnerships with other agencies and organizations offer services and overcome barriers with specific populations Citing benchmark programs and services from around the country Farmer offers a wealth of exciting new ways for libraries to connect with at risk teens today Grades 6 12 **Serving Homeschooled Teens and Their Parents** Maureen T. Lerch, Janet

Welch, 2004-05-30 Today more than a million students are being educated at home and that figure increases at a rate of 7 14% annually Homeschooling is a growing trend in our society and public librarians are being called upon with increasing frequency to serve the needs of homeschooled students So just what are the needs of the homeschooled teen and how can you and your library meet those needs A former young adult librarian and a homeschool parent have joined forces to create this insightful guide and answer that question After reviewing the developmental and social needs of teens the authors demonstrate how those needs may be met in the public library setting You ll find a wealth of ideas for adapting every facet of your library service for this growing population from developing a homeschool collection to expanding services and creating special programs You ll also find suggestions on how to market what your library has to offer to homeschoolers You may even discover some new ways to employ the talents and time of these students and their families Extensive resource lists conclude the volume they will help you better serve home educated teens and their parents *Teens, Technology, and Literacy; Or, Why Bad Grammar Isn't Always Bad* Linda W. Braun, 2006-12-30 Are you bothered by the bad grammar emoticons acronyms and poor spelling that are ubiquitous in cyberspace and especially prevalent in teen communications Do you lament that today s technologies are ruining the reading and writing skills of teens Well think again This author proposes that today s teens are actually exploring and developing new literacies and learning to use technology in the most effective ways possible After examining some of the technologies teens commonly use IM weblogs podcast games Braun describes how these technologies affect reading writing and communication habits and skills and how they are actually creating new communities of learning Expand your perspective on what defines literacy and learn how you can maximize the learning that teens acquire in using new technologies by integrating technologies into your programs and services A must read for librarians teachers
