Television And Aggression A Panel Study Quantitative Studies In Social Relations:

Television and Aggression J. Ronald Milavsky, 1982 Television Violence P. T. Kelly, 1999 If one culprit is suspected above all others for encouraging society to become more violent and unfeeling it is television This medium which has become so pervasive in the last 50 years seems to play an enormous role in the lives of the vast majority of people But who controls the content which exerts such an enormous influence and to an extent controls the people What are they doing now and what will they be doing tomorrow Is violence essential to sell toothpaste and hamburgers What are our children becoming and what will their children be like Will every child carry a gun or other weapon just waiting for someone to trigger their violent nature and ignite their preprogrammed anger **Experimental Social Programs and Analytic Methods** Alexander Basilevsky, Derek Hum, 2013-10-22 Experimental Social Programs and Analytic Methods An Evaluation of the U S Income Maintenance Projects examines the statistical and econometric research on work disincentive effects reported by a series of social experiments that explore the economic and social consequences of a guaranteed income program This book provides a comparative description of the several experimental designs and labor supply results including a general discussion of methodological issues common to the social experiments The Conlisk Watts model for sample assignment and labor supply findings from both an econometric and statistical perspective are also elaborated This text likewise presents an updated survey of the work response findings from the American negative income tax experiments This publication is intended for professionals and students in econometrics labor economics statistics and quantitative research but is also valuable to policy analysts and others concerned with social welfare reform and public administration **Social Dynamics Models and Methods** Nancy Brandon Tuma, 1984-08-28 Social Dynamics Models and Methods focuses on sociological methodology and on the practice of sociological research This book is organized into three parts encompassing 16 chapters that deal with the basic principles of social dynamics The first part of this book considers the development of models and methods for causal analysis of the actual time paths of change in attributes of individual and social systems This part also discusses the applications in which the use of dynamic models and methods seems to have enhanced the capacity to formulate and test sociological arguments These models and methods are useful for answering questions about the detailed structure of social change processes The second part explores the formulation of the continuous time models of change in both quantitative and qualitative outcomes and the development of suitable methods for estimating these models from the kinds of data commonly available to sociologists The third part describes a stochastic framework for analyzing both qualitative and quantitative outcome of social changes This part also discusses the sociologists perspective on the empirical study of social change processes This text will be of great value to sociologists and sociological researchers Handbook of Survey Research Peter H. Rossi, James D Wright, Andy B. Anderson, 2013-10-22 Handbook of Survey Research provides an introduction to the theory and practice of sample survey research It addresses both the student who desires to master these topics and the practicing

survey researcher who needs a source that codifies rationalizes and presents existing theory and practice The handbook can be organized into three major parts Part 1 sets forth the basic theoretical issues involved in sampling measurement and management of survey organizations Part 2 deals mainly with hands on how to do it issues how to draw theoretically acceptable samples how to write questionnaires how to combine responses into appropriate scales and indices how to avoid response effects and measurement errors how actually to go about gathering survey data how to avoid missing data and what to do when you cannot and other topics of a similar nature Part 3 considers the analysis of survey data with separate chapters for each of the three major multivariate analysis modes and one chapter on the uses of surveys in monitoring overtime trends This handbook will be valuable both to advanced students and to practicing survey researchers seeking a detailed guide to the major issues in the design and analysis of sample surveys and to current state of the art practices in sample surveys

Adolescent Socialization in Cross-Cultural Perspective Irving Tallman,Ramona Marotz-Baden,Pablo Pindas,2014-05-10 Adolescent Socialization in Cross Cultural Perspective Planning for Social Change presents a theory of socialization and explains how the theory was formed developed and changed This book describes a cross sectional research project that uses innovative research methods for comparing people from vastly different cultures Organized into seven chapters this book begins with an overview of the premise that the better one learns how to solve problems in one s environment the better one is able to cope with a rapidly changing society as one grows older This text then proposes that the family provide an initial arena within which the needs of the individual and the rudiments of the social structure are confronted Other chapters consider the approach to solving the methodological problems posed by attempting to test the theory by means of a cross national study The final chapter deals with the results of the cross national study This book is a valuable resource for sociologists

Toward a Structural Theory of Action Peter H. Rossi,2013-10-22 Toward a Structural Theory of Action Network Models of Social Structure Perception and Action centers on the concept of social structure perceptions and actions as well as the strategies through which these concepts guide empirical research This book also proposes a model of status role sets as patterns of relationships defining positions in the social topology This text consists of nine chapters separated into three parts Chapter 1 introduces the goals and organization of the book Chapters 2 4 provide analytical synopsis of available network models of social differentiation and then use these models in describing actual stratification Chapter 5 presents a model in which actor interests are captured Subsequent chapter assesses the empirical adequacy of the two predictions described in this book Then other chapters provide a network model of constraint and its empirical adequacy This book will be valuable to anthropologists economists political scientists and psychologists

An Economic Analysis of Crime and Justice Peter Schmidt,Ann D. Witte,2013-10-22 An Economic Analysis of Crime and Justice Theory Methods and Applications presents the applications of economic theory and econometric methods to various problems in criminology The book is divided into three parts Part I discusses models of criminal recidivism The second part tackles the

economic model of crime Part III estimates cost functions for prisons Specific chapters in the book cover topics on statistical analysis of qualitative outcomes analysis of two measures of criminal activity the arrest rate and the conviction rate and long run estimate of cost function for a group of Federal Correctional Institutions Economists correctional administrators and criminal justice professionals will find the book a great source of information and insight

A Handbook of Media and Communication Research Klaus Bruhn Jensen, 2013-03-01 A Handbook of Media and Communication Research presents qualitative as well as quantitative approaches to the study of media and communication integrating perspectives from both the social sciences and the humanities Taking methodology as a strategic level of analysis that joins practical concerns with theoretical issues the Handbook offers a comprehensive and in depth review of the field and a set of guidelines for how to think about plan and carry out media and communication studies in different social and cultural contexts The second edition has been thoroughly updated with reference to the development of the internet mobile and other digital media Each chapter addresses shifting configurations of established media organizations media discourses and media users in networked practices of communication The introduction and one further chapter probe changing conceptions on mass and interpersonal online and offline communication in research as in everyday life Three new chapters have been added to exemplify different forms of research employing multiple methods to study multiple media in multiple contexts List of contributors Klaus Bruhn Jensen Barrie Gunter Rasmus Helles Annette Hill Stig Hjarvard Peter Larsen Amanda Lotz Graham Murdock Horace Newcomb Paddy Scannell Lynn Schofield Clark Kim Christian Schröder

Research Paradigms, Television, and Social Behaviour Joy Keiko Asamen, Gordon L. Berry, 1998 Research Paradigms Television Social Behavior is a unique book that is designed to provide an understanding of television research from both the quantitative and qualitative perspectives The volume provides a systematic analysis of the various research paradigms used in the study of television and focuses on the integration of quantitative and qualitative methodologies as a means for understanding the complexities associated with this medium The book is useful for both undergraduate and graduate students because it presents information in a straightforward and engaging style as well as provides concrete step by step examples of how to conduct major research and evaluation projects involving this medium The book is also important for seasoned scholars and researchers as well as professionals in the media industry
