## **Telling A Memoir Of Rape And Recovery:**

Telling Patricia Weaver Francisco, 2000-01-26 She invites the reader into her life and into the questions raised by a crime with no obvious solutions or easy answers We see the dimensions of a human struggle often kept hidden from view While there are an estimated twelve million rape survivors in the United States rape is still unspeakable left out of our personal and cultural conversation In Telling Francisco has found a language for the secret grief carried by men and women who have survived rape *#MeToo and Literary Studies* Mary K. Holland, Heather Hewett, 2021-09-23 Literature has always recorded a history of patriarchy sexual violence and resistance Academics have been using literature to expose and critique this violence and domination for half a century But the continued potency of MeToo after its 2017 explosion adds new urgency and wider awareness about these issues while revealing new ways in which rape culture shapes our everyday lives This intersectional guide helps readers students teachers and scholars face and challenge our culture of sexual violence by confronting it through the study of literature MeToo and Literary Studies gathers essays on literature from Ovid to Carmen Maria Machado by academics working across the United States and around the world who offer clear ways of using our reading teaching and critical practices to address rape culture and sexual violence It also examines the promise and limitations of the MeToo movement itself speaking to the productive use of social media as well as to the voices that the movement has so far muted In uniting diverse voices to enable the MeToo movement to reshape literary studies this book is also committed to the idea that the way we read and write about literature can make real change in the world College Girl Laura Gray-Rosendale, 2013-06-01 The inspirational memoir of a woman who survived a brutal sexual assault and went on to become a university professor **Life Stories** Maureen O'Connor, 2011-08-23 Memoirs autobiographies and diaries represent the most personal and most intimate of genres as well as one of the most abundant and popular Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2 800 read alike and other related titles The popularity of this body of literature has grown in recent years and it has also diversified in terms of the types of stories being told and persons telling them In the past readers advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy This guide offers an alternative organizing the literature according to popular genres subgenres and themes that reflect common reading interests Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads *Life Stories A Guide to Reading Interests in Memoirs Autobiographies and Diaries* presents a unique overview of the genre that specifically addresses the needs of readers advisors and others who work with readers in finding books **Campus Sexual Assault** Alison E. and abuse has taken place within communities and in the personal responses of the individuals writing the scripts of their experiences This volume explores the nuances of these individual experiences and considers how they are shaped and reflected by intersecting axes of power including gender race class age and able bodied status It reflects on law and law reform in the area and suggests new modes and frames through which to explain and understand sexual violence and institutional responses to it Debates within this contested personal and political arena do not map onto longstanding binaries of liberal and radical feminism nor conservative and progressive politics This interdisciplinary volume traces that murky terrain and features some of the leading international scholars writing on sexual violence in English today This book will appeal to scholars and students across the broad disciplines of law and legal studies criminology gender studies political science and sociology
