Gibbs, 1999-09-13 What do our assumptions about authorship matter for our experience of meaning This book examines the debates in the humanities and social sciences over whether authorial intentions can or should constrain our interpretation of language and art Scholars assume that understanding of linguistic and artistic meaning should not be constrained by beliefs about authors and their possible intentions in creating a human artifact It is argued here that people are strongly disposed to infer intentionality when understanding oral speech written texts artworks and many other human actions Although ordinary people and scholars may infer meanings that diverge from or extend beyond what authors intend our experience of human artifacts as meaningful is fundamentally tied to our assumptions of intentionality This challenges the traditional ideas of intentions as existing solely in the minds of individuals and formulates a new conceptual framework for examining if and when intentions influence the interpretation of meaning **Christiane Amanpour, CNN** Tammy Gagne, 2024-08-05 Born in London and raised in Iran Christiane Amanpour knew early in life that the way to accomplish her goals was to work hard for them Coming to the United States shortly after the Islamic Revolution she studied journalism at the University of Rhode Island After working her way up in the field she is now one of the top journalists in the world today Part of the Outstanding Journalists series Christiane Amanpour CNN tells the story of a determined journalist who has reported from some of the most dangerous regions of the world **Kimball's Dairy Farmer**, 1907 **Catalog of Copyright Entries** Library of Congress.
