Handford,1906 **The American Dictionary and Cyclopedia** Robert Hunter,1900 **The Imperial Encyclopaedic Dictionary** Robert Hunter,1901 **Masonic Lodge** George Mather,Larry A. Nichols,2016-09-06 Many make the mistake of thinking because a thing is common it is probably harmless Masonic Temples are everywhere Are the Masons just another service organization Though their rites are secret Masons assure others that their practices are totally compatible with Christianity But there is an injunction to each Mason to practice his particular religious creed that revelation of the Deity which is recognized by his religion What really goes on behind the Temple door Here is a discerning detailed response Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys Each book has five sections A concise introduction to the group An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood **Encyclopedia Of Freemasonry And Its Kindred Sciences, Volume 4: S-Z** Albert G. Mackey, Dr Albert G Mackey appears as author of this Encyclopedia of Freemasonry and its Kindred Sciences which being a library in itself superseded most of the Masonic works which have been tolerated by the craft chiefly because none better could be obtained Here is a work which fulfils the hope which sustained the author through ten years literary labor that under one cover he would furnish every Mason who might consult its pages the means of acquiring a knowledge of all matters connected with the science the philosophy and the history of his order Up to the present time the modern literature of Freemasonry has been diffuse lumbering unreliable and out of all reasonable proportions There is in Mackey s Encyclopaedia of Masonry well digested well arranged and confined within reasonable limits all that a Mason can desire to find in a book exclusively devoted to the history the arts science and literature of Masonry This is volume four out of four and covering the letters S to Z **The History of Freemasonry in**
