Ten Years To Alamein:

The Literary History of Alberta Volume One George Melnyk, 1998-04 Alberta's contradictory landscape has fired the imaginative energies of writers for centuries. The sweep of the plains, the thrust of the Rockies and the long roll of the woodlands have left vivid impressions on all of Alberta's writers, both those who passed through Alberta in search of other horizons and those who made it their home. *The Literary History of Alberta* surveys writing in and about Alberta from prehistory to the middle of the twentieth century. It includes profiles of dozens of writers from the earnestly intended to the truly gifted and their texts from the commercial to the arcane. It reminds us of long forgotten names and faces, figures who quietly or not so quietly wrote the books that underpin Alberta's thriving literary culture today. Melnyk also discusses the institutions that have shaped Alberta's literary culture. *The Literary History of Alberta* is an essential text for any reader interested in the cultural history of western Canada and a landmark achievement in Alberta's continuing literary history.

Victory to Defeat Richard Dannatt, Robert Lyman, 2023-09-14 A compelling history. *The Sunday Times* Thought provoking. *The Spectator* Interesting and well researched. *The Sunday Telegraph* A compelling history of the decline of an army from the triumph of victory in 1918 to defeat in 1940 and why this happened. A salutary warning for modern Britain. The British Army won a convincing series of victories between 1916 and 1918. But by 1939 the British Army was an entirely different animal. The hard won knowledge, experience and strategic vision that delivered victory after victory in the closing stages of the First World War had been lost. In the inter-war years there was plenty of talking but very little focus on who Britain might have to fight and how. *Victory to Defeat* clearly illustrates how the British Army wasn't prepared to fight a first class European Army in 1939 for the simple reason that as a country Britain hadn't prepared itself to do so. The failure of the army's leadership led directly to its abysmal performance in Norway and France in 1940. *Victory to Defeat* is a captivating history of the mismanagement of a war winning army. It is also a stark warning that we neglect to understand who our enemy might be and how to defeat him at the peril of our country. The British Army is now to be cut to its smallest size since 1714. Are we this book asks, repeating the same mistakes again. *Dispatches from the Front* David Halton, 2015-10-06 The first major biography of an iconic war correspondent sheds light on the personal life and fascinating career of a remarkable Canadian figure and it's now available in paperback. This is Matthew Halton of the CBC. So began Matthew Halton's war broadcasts. Originally a reporter for the *Toronto Star*, Matt Halton as Senior War Correspondent for the CBC during the Second World War reported from the front lines in Italy and Northwest Europe and became the voice of Canada at war. His reports were at times tender and sad and other times shocking and explosive. Covering the flashpoints of his generation from the war trenches to the coronation of the Queen, Halton filed a series of reports warning that the Third Reich was becoming a vast laboratory and breeding ground for war. For a decade he chronicled Europe's drift to disaster, covering the breakdown of the League of Nations, the Spanish Civil War and the Nazi takeover of Austria and Czechoslovakia. Along the way he

interviewed Franklin Delano Roosevelt Herman Goering Neville Chamberlain Charles de Gaulle Mahatma Gandhi and dozens of others who shaped the history of the last century Drawing on extensive interviews and archival research this definitive biography written by Matthew's son acclaimed former CBC correspondent David Halton is a fascinating look at the career of one of the most accomplished journalists Canada has ever known **Special Bibliographic Series** US Army Military History Research Collection,1977 **The War in North Africa, 1940-1943** Colin F. Baxter,1996-03-30 Few of the major campaigns of World War II aroused as much controversy as the War in North Africa 1940-1943 Figures such as Rommel Montgomery and Eisenhower would become world famous because of the fighting in North Africa This book opens with seven historiographical essays that evaluate and critically assess the major contributions to the literature on the War in North Africa It then includes an alphabetically arranged bibliography of the 504 entries cited in the essays The material is easily accessible with cross references between the text and the bibliography and a full index The volume includes chapters on the Desert War 1940-42 the Axis Powers in North Africa Montgomery Alam Halfa and El Alamein TORCH the Landings in French North Africa and the Tunisian Campaign Full attention is given to questions and issues historians have raised on such controversies as the Auchinleck Montgomery dispute the debate over Operation TORCH and the Darlan affair Emphasis is on English language works but the most significant Italian German and French works are cited and assessed The book has been written for use in public college university and institutional libraries and to serve general readers and military historians

Not for King or Country Tyler Wentzell,2020-01-31 Not for King or Country tells the story of Edward Cecil Smith a dynamic propagandist for the Communist Party of Canada during the Great Depression He is most well known for commanding the Mackenzie Papineau Battalion during the Spanish Civil War Riding With Reagan John R. Barletta,2006 An intimate portrait of one of the most popular presidents in our nation's history *Ten Years to Alamein* Matthew Halton,1945 *The Era of World War II* Roy Barnard,1977 *Walking Wounded* Andrew Taylor,2013-10-24 This uncompromising biography tells the story of a wounded D Day veteran a deserter a violent drunk a loving father who abandoned his first child a boxer and brawler a wife beater a bigamist and a passionately romantic lover It is also most importantly the story of a poet Vernon Scannell wrote some of the finest poetry to come out of the Second World War He won the Chomondeley Prize and the Heinemann Award and for half a century he was acknowledged as one of the leading poets in the country His Collected Poems are still in print and his poetry for both adults and children is regularly anthologised and appears on English Literature examination papers Scannell died in 2007 and *Walking Wounded* draws on his personal diaries poems and other writings to offer the first detailed study of this complex controversial and occasionally tragic life For the first time the women who loved him tell their stories his children describe growing up with a father who was funny affectionate sometimes violent and often not there at all and his fellow poets including Seamus Heaney Anthony Thwaite Alan Brownjohn and Kit Wright speak of the dedicated stylist assured performer and occasionally roistering drunk that they knew

Scannell was seriously wounded in Normandy shortly after D Day but the book looks at the deeper mental scars from the War that he bore all his life and of the suffering they caused to him and the people who loved him It is an important book about an important poet which investigates where poetry comes from and the terrible price that sometimes has to be paid for it

Hitler's War in Africa 1941-1942 David Mitchelhill-Green,2021-08-04 Adolf Hitler s war in Africa arose from the urgent need to reinforce the Italian dictator Benito Mussolini whose 1940 invasion of Egypt had been soundly beaten Of secondary importance to his ideological dream of conquering the Soviet Union Germany s F hrer rushed a small mechanised force into the unfamiliar North African theatre to stave off defeat and avert any political fallout This fresh account begins with the arrival of the largely unprepared German formations soon to be stricken by disease and heavily reliant upon captured materiel as they fought a bloody series of see sawing battles across the Western Desert David Mitchelhill Green has gathered a wealth of personal narratives from both sides as he follows the brash exploits of General Erwin Rommel intent on retaking Libya the Nile firmly in his sights Against this backdrop is the brutal human experience of war itself Adult Catalog: Title Los Angeles County Public Library,1970 National Planning and Strategy, a Working Bibliography for the Educational Systems of Officers in the Army United States.
