Voices of Russian Literature Sally Laird, 1999-04-29 Voices of Russian Literature presents in depth interviews with ten of the most interesting figures writing in Russian today They range from established authors such as Fazil Iskander and Andrei Bitov who began their careers in the post Stalinist Thaw to newcomers like Viktor Pelevin hailed as one of the most original writers of the present era It offers an insiders account of the fate of Russian literature over the past four

decades Rather than cataloguing the opinions of dissidents or defenders of the former regime it presents the views of artists who have sought against the odds to express their unique visions of a changing world Each interview acquaints us with the author s distinctive voice and provides important insights into the genesis and interpretation of individual works Sally Laird has prefaced the interviews with biographical and critical sketches of each writer and her introductory essay sets the whole in historical context *Voices of Russian Literature* will be fascinating reading for anyone interested in Russia s contemporary literary experience Autobiographical Statements in Twentieth-Century Russian Literature Jane Gary Harris,2014-07-14 The fifteen essays in this volume explore the extraordinary range and diversity of the autobiographical mode in twentieth century Russian literature from various critical perspectives They will whet the appetite of readers interested in penetrating beyond the canonical texts of Russian literature The introduction focuses on the central issues and key problems of current autobiographical theory and practice in both the West and in the Soviet Union while each essay treats an aspect of autobiographical praxis in the context of an individual author s work and often in dialogue with another of the included writers Examined here are first the experimental writings of the early years of the twentieth century Rozanov Remizov and Bely second the unique autobiographical statements of the mid 1920s through the early 1940s Mandelstam Pasternak Olesha and Zoshchenko and finally the diverse and vital contemporary writings of the 1960s through the 1980s as exemplified not only by creative writers but also by scholars by Soviet citizens as well as by emigres Trifonov Nadezhda Mandelstam Lydia Ginzburg Nabokov Jakobson Sinyavsky and Limonov Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Joseph Brodsky and the Baroque David MacFadyen,1999-01-13 MacFadyen shows that the works of John Donne the existential philosophy of Kierkegaard and Sestov and the cities of St Petersburg and Venice inspired in Brodsky a fundamentally Baroque evolution He provides a compelling and comprehensive examination of Brodsky s poetry and prose in a fascinating overview of some problems of post soviet aesthetics The book concludes with a reassessment of Brodsky s final role that of cross cultural bilingual essayist *Joseph Brodsky and the Baroque* will appeal to students and scholars of Russian literature as well as the growing body of Brodsky s admirers The American Bibliography of Slavic and East European Studies for 1994 Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs *Historical Dictionary of Russia* Boris Raymond,Paul Duffy,1998-08-06 A detailed introduction and chronology puts the country s history in perspective

while maps a selected bibliography of Russian history and several lists of the American Divisions of the Russian Republic as well as a listing of the principle bodies of water and mountain ranges help complete the geographical and political picture of the country

Bibliography Library Economy, 1876-1920 ,1927 **Twentieth-Century Russian Poetry** Katharine Hodgson,Joanne Shelton,Alexandra Smith,2017-04-21

The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia s shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation s culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin s second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date

The Oxford Handbook of the Russian Novel Julie A. Buckler,Justin Weir,2025 The Oxford Handbook of the Russian Novel brings together top specialists in Russian literature to treat the Russian novel from the late 18th to the 21st century using a range of interpretive perspectives The Russian novel is a distinctive tradition by virtue of its formal eccentricities as well as the boldness with which these works approached the most complex philosophical political and moral questions This Handbook treats well known works and authors but also explores the much broader tradition of the Russian novel up to the present The essays in the Handbook provide cultural and historical perspectives on the Russian novel as well as showcasing emergent modes of analysis including postcolonialism ecocriticism and posthumanism
