Ten Christians By Their Deeds You Shall Know Them:

Ten Christians Boniface Hanley, 1979 Illustrated biographies of ten Catholics worth knowing from St Francis of Assisi to Mother Teresa *The Hidden Treasure of Calumet* Danna Schweitzer, 2012-07-31 This is a true story told by some of the people who lived it It is the account of the creation of a small Catholic church in a small town in western Oklahoma The creation of the building took place during the late 1950s and illustrates the growth of the Lay Apostolate Movement during the years leading up to the time of Vatican Council II

Fugitive Saints Katie Walker Grimes, 2017-04-01 How should the Catholic church remember the sins of its saints This question proves particularly urgent in the case of those saints who were canonized due to their relation to black slavery Today many of their racial virtues seem like racial vices In this way the church celebrates Peter Claver a seventeenth century Spanish missionary to Colombia as the saint of the slave trade and extols Martin de Porres as the patron saint of mixed race people But in truth their sainthoods have upheld anti blackness much more than they have undermined it Habituated by anti blackness the church has struggled to perceive racial holiness accurately In the ongoing cause to canonize Pierre Toussaint a Haitian born former slave the church continues to enact these bad racial habits This book proposes black fugitivity as both a historical practice and an interpretive principle to be a strategy by which the church can build new hagiographical habits Rather than searching inside itself for racial heroes the church should learn to celebrate those black fugitives who sought refuge outside of it

“Ye Shall Know Them by Their Fruits” Jason García Portilla, 2021-12-11 Why are historically Catholic countries and regions generally more corrupt and less competitive than historically Protestant ones How has institutionalization of religion influenced the prosperity of countries in Europe and the Americas This open access book addresses these critical questions by elucidating the hegemonic and emancipatory religious factors leading to these dissimilarities between countries The book features up to date mixed methods from interdisciplinary research contributing to existing studies in the sociology of religion field by demonstrating for the first time the effect of the mutually reinforcing configuration of multiple prosperity triggers religion politics environment It demonstrates the differences in the institutionalization of Roman Catholicism and Protestantism by applying quantitative and qualitative methods and by performing a qualitative comparative analysis QCA of 65 countries The author also provides a comprehensive survey and results of empirical research on different theories of development focusing on the influence of religion
