*Spiritual Growth* Paul Steinberg, 2018-09-30 This book began with Paul Steinberg's realization that although religions are struggling to meet the needs and trends of our modern age spirituality is not Its contemporary manifestations continue to thrive and Jews can be found throughout all varieties of spiritual leadership in America Facing the fact that for whatever reason Jewish leaders simply have not done a good job of translating the ancient spiritual wisdom of their beliefs into contemporary language and images that resonate with mass appeal Rabbi Steinberg knew that the faith of his fathers was ready for a new spiritual message And so he has written it a message that is both particular to Judaism and uses Jewish language and text as starting points for a view that is universal enough to include spiritual concepts terms and expressions from many other spiritual traditions *Spiritual Growth A Contemporary Jewish Approach* provides both a language and a set of Jewish spiritual principles that are accessible and integrated with contemporary life as well as being deep and authentically real i e not dumbed down for anyone It is a work that emerged out of Rabbi Steinberg's own personal experiences pains and spiritual journey the trials and growth documented in his highly successful book *Recovery the 12 Steps and Jewish Spirituality* There are not a lot of works like this There are books on Jewish scholarship history and theology But books on Jewish spirituality tend usually to focus on a particular motif such as the feminine grief aging or Kabbalistic biblical interpretations *Spiritual Growth A Contemporary Jewish Approach* presents its message through the psycho spiritual world view of 2018 but without the language and narrative of a therapist It is an important contribution to the spiritual seeking community at large to Jews who have become alienated from their faith and to anyone interested in learning more about what a historically vibrant spirituality can bring to today's troubled world [Reading Jewish Religious Texts](#) Eliezer

**Meetings** Martin Buber,2013-09-13 Meetings sets forth the life of one of the twentieth century s greatest spiritual philosophers in his own words A glittering series of reflections and narratives it seeks not to describe his life in its full entirety but rather to convey some of his defining moments of uncertainty revelation and meaning Recalling the question on the infinity of space and time which nearly drove Buber to suicide at the age of fourteen his adolescent seduction by Nietzsche s work his hero worship of Ferdinand Lassalle and his love of Bach s music Meetings has no equal as a portrait of an unique intellect in progress Like Buber s great works Between Man and Man and The Way of Man it evokes a tactile earthly concept of meaning ultimately found as Maurice Friedman writes in his introduction not in conceptual or systematic thought but in the four dimensional reality of events and meetings
