Northup ...** Joseph Eugene Gillet,1922      **Ten Spanish Farces of the 16th, 17th and 18th centuries. Edited, with notes and vocabulary, by G. T. Northup** George Tyler NORTHUP,1922

**Farce** Jessica Milner Davis,2017-07-05 Farce has always been relegated to the lowest rung of the ladder of dramatic genres Distinctions between farce and more literary comic forms remain clouded even in the light of contemporary efforts to rehabilitate this type of comedy Is farce really nothing more than slapstick the putting out of candles kicking down of tables falling over joynt stools as Thomas Shadwell characterized it in the seventeenth century Or was his contemporary Nahum Tate correct when he declared triumphantly that there are no rules to be prescribed for that sort of wit no patterns to copy and tis altogether the creature of imagination Davis shows farce to be an essential component in both the comedic and tragic traditions Farce sets out to explore the territory of what makes farce distinct as a comic genre Its lowly origins date back to the classic Graeco Roman theatre but when formal drama was reborn by the process of elaboration of ritual within the mediaeval Church the French term farce became synonymous with a recognizable style of comic performance Taking a wide range of farces from the briefest and most basic of fair ground mountebank performances to fully fledged five act structures from the late nineteenth century the book reveals the patterns of comic plot and counter plot that are common to all The result is a novel classification of farce plots which serves to clarify the differences between farce and more literary comic forms and to show how quickly farce can shade into other styles of humor The key is a careful balance between a revolt against order and propriety and a kind of Realpolitik which ultimately restores the social conventions under attack A complex array of devices in such things as framing plot characterization timing and acting style maintain the delicate balance
