**A Population History of India** Tim Dyson, 2018-09-19 A Population History of India provides an account of the size and characteristics of India's population stretching from when hunter gatherer homo sapiens first arrived in the country very roughly seventy thousand years ago until the modern day It is a period during which the population grew from just a handful of people to reach almost 1.4 billion and a time when the fact of death had a huge influence on the nature of life This book considers the millennia that were characterized by hunting and gathering the Indus valley civilization the opening up of the Ganges river basin and the eras of the Delhi Sultanate the Mughal Empire British colonial rule and India since independence By observing India through a demographic lens A Population History of India From the First Modern People to the Present Day addresses mortality fertility the size of cities patterns of migration and the multitude of famines epidemics invasions wars and other events that affected the population It draws together research from archaeology cultural studies economics epidemiology linguistics history and politics to understand the likely trajectory of India's population in comparison to the trends that applied to Europe and China and to reveal a surprising and dramatic story

**The Other Global City** Shail Mayaram, 2009-01-13 What is a Global City Who authorizes the World Class City This edited volume interrogates the global cities literature which views the city as a shimmering financial global network Through a historical ethnographic exploration of inter ethnic relations in the other global cities of Cairo Beirut Istanbul Bukhara Lhasa Delhi Singapore Kuala Lumpur and Tokyo the well known contributors highlight cartographies of the Other Global City The volume contends that thinking about the city in the longue duree and as part of a topography of interconnected regions contests both imperial and nationalist ways of reading cities that have occasioned the many and particularly violent territorial partitions in Asia and the world

Beyond the Genre Stefano Calzati, 2018-11-26 What is the cultural value of travel writing today How is the genre affected by instant communication and digital technologies This volume provides answers to these questions through adopting a transmedial perspective by comparing printed travel books and travel blogs Notably it explores how different editorial and medial choices impact on the cultural practices of travelling and writing Methodologically an ethnography is proposed via the discussion of a number of original interviews collected over three years with contemporary travel authors and bloggers who journeyed around and wrote about China These writers are from both the West the UK the USA Italy France New Zealand and China Hong Kong

and the Mainland As such the volume not only deconstructs the English centredness and ethnocentrism that often affect travel writing as a genre as well as many studies on it but it also renews the academic debate on the politics behind the genre connecting the texts with their spheres of production and reception The study shows the interdependence between medial and literary features on the one hand and the ways of journeying and writing about the experience which largely depend upon the biography of each writer on the other      **Asia: Changing the World** Bertelsmann Stiftung,2010-07-30

Asia continues to assert its status as a major force in the global economy as well as a formative influence on several key political cultural and religious issues now affecting our daily lives This collection of articles responds to the challenges posed by Asia's emergence and gives a lucid and thorough account of the most important developments in the world's largest continent and their consequences for Europe The following prominent authors have contributed their unique perspectives to this volume Jos Manuel Barroso Michael von Brück Delf n Colom Aurel Croissant John Elkington Carl Haub Paul Kennedy HansGeorg Knopp Eduard Kugel Pascal Lamy Kazuo Ogoura Demetrios G Papademetriou Amartya Sen Horst Siebert Karan Singh Jodie Thorpe and Werner Weidenfeld      *The Art and Science of Healing Since Antiquity* Daya Ram Varma,2011-02-03
