E. Gontarski, 2021-07-06 Tennessee Williams T shirt Modernism and the Refashionings of Theater reappraises the received wisdom that Williams's work fell into decline in the late 1960 as the Naturalism he was associated with not always through his own choice was replaced by European theatrical experimentalism and as culture saw a lifting of sexual restrictions It suggests instead that Williams was always experimental always more Chekhov than Ibsen a lyrical playwright inflected with the poetry of Hart Crane and that his late plays are as central to Williams's reshaping of American theater as those works of the immediate post World War II era that brought him fame and fortune Its general aim then is to engage the perception that Tennessee Williams is the greatest unknown playwright America has produced David Savran City University of New York In many respects the work of Tennessee Williams after a protracted period of neglect is primed for reappraisal reinterpretations and subsequently re stagings This work is part of that process academically at very least but performatively as well as academic reinterest often regenerates theatrical reinterest **Tennessee Williams: Plays 1957-1980** Tennessee Williams, 2000-10 Mel Gussow and Kenneth Holdich selected the contents and wrote the notes for this volume *The*
