Silencios sonoros María Victoria Casas Figueroa, Carolina Abadía Quintero, 2024-07-11 La musicología histórica se ha venido consolidando como una disciplina que integra el hacer musical inmerso en los procesos culturales y sociales. Existe una importante trayectoria de trabajos orientados desde distintas aproximaciones musicales que comprenden la música académica, la música popular y en menor escala estudios de la música religiosa entendida esta como parte del hacer cotidiano de las ciudades. En el periodo colonial la música estuvo ligada fuertemente a todo el acontecer local en celebraciones regias civiles militares y religiosas. En la mayoría de los casos lideradas, contratadas y consignadas en los archivos de cabildo como música o quizá la fuente más importante de este acontecer. Este libro producto del interés y del compartir de trayectos de investigación logró conjugar dos opciones fundamentales para alimentar la construcción de las historias de la música en el país. Desde las visiones de la historia colonial, la historia de la cultura, la musicología histórica y la musicología urbana hemos logrado presentar una nueva alternativa para el estudio de la música en Popayán durante los siglos XVII y XVIII, en tanto al igual que en muchas otras ciudades de la América hispana la práctica musical formó parte de la actividad cotidiana tanto en la vida religiosa como en la vida secular. Este proyecto se adelantó gracias a la convocatoria interna 2020 de la Vicerrectoría de Investigaciones de la Universidad del Valle.

Unveiling the Magic of Words: A Review of "**Teoria De La Musica Dividida En Cursos Libro I**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
