## Terence The Comedies:

*The Comedies* Terence, 1976-11-18 The Roman dramatist Terence c 186 159 BC adapted many of his comedies from Greek sources rendering them suitable for audiences of his own time by introducing subtler characterization and more complex plots In his romantic play *The Girl from Andros* Terence portrays a love affair saved by a startling discovery *The Self Tormentor* focusses on a man's remorse after sending his son to war and *The Eunuch* depicts a case of mistaken identity *Phormio* is as rich in intrigue as a French farce while *The Mother in Law* shows two families striving to save a marriage and *The Brothers* contrasts strict and lenient upbringings With their tight plots and spare dialogue Terence gave his plays a sense of humanity that became a model in the Renaissance and greatly influenced Molière For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

**Terence, The Comedies** Peter Brown, 2006-12-07 Terence 184 159 BC was the outstanding comic playwright of his generation at Rome and one of the founding fathers of European comic drama His plays have been imitated by authors as diverse as the nun Hrothswitha in the tenth century and P G Wodehouse in the twentieth They deal with the love life of adolescent boys and with associated tensions in their relations with their fathers They show love triumphing over obstacles of various kinds and they also portray the problems that arise from ignorance misunderstanding and prejudice They are true to universal elements of human experience and audiences today can readily engage with the issues they raise This new translation with introduction and explanatory notes aims to convey the liveliness of the plays as pieces written for the theatre

Widely read as school texts the comedies by the Roman dramatist Terence have come down to us in hundreds of medieval copies Fourteen of the manuscripts produced between 800 and 1200 were given some kind of illustration In this volume Beatrice Radden Keefe explores the semiotics of the imagery found in the earliest illustrated Terence manuscripts and its relationship to the iconography of comedy and theatre from antiquity She examines six further manuscripts to show how later illustrators abandoned this imagery to varying degrees finding new emphases and creating new layers of meaning Illustrators of Terence it is demonstrated here brought a range of interests to illustrating the comedies clarifying their narrative incorporating social commentary and moralisation and linking them with Christian allegorical traditions
