francophones voire de territoires où le français est une langue seconde sans statut officiel ni lien génétique ou historique avec les langues locales. La communauté des chercheurs LTT étudie des questions de langues qui constituent autant de facettes de la diversité linguistique. Celle-ci peut en effet concerner aussi bien des problématiques de variations codiques internes que des problématiques de contacts interlinguistiques. Ces recherches parfois fortement marquées par l'ingénierie vont de pair avec un souci de préservation sinon de développement de la diversité. En témoignent une longue tradition d'actions de recherche orientées vers les langues du Sud et nombre d'engagements personnels en faveur de ces langues.
