Enrollment Status

- Enrollment status must be calculated for each term for an undergraduate program based on—
 - ▼ Academic year in weeks and hours, and
 - ▼ Weeks of instructional time in the term.
- In calculating full-time and other enrollment statuses, all fractions are rounded up (even if less than $\frac{1}{2}$) if the program only has whole credit hours. If the program has courses in fractions of credits, may round up or use actual fraction from the enrollment status calculation.
