The Beginnings Of Christianity Essene Mystery Gnostic Revelation And The Christian Vision:

The Beginnings of Christianity Andrew J. Welburn, 2004 Rediscover the spiritual world and meaning of the early years of the Christian era

The Beginnings of Christianity Andrew Welburn, 1994-12 Recent work on the Dead Sea Scrolls and other ancient documents have provided much new knowledge of the early Christian Church and the messianic sects in the Holy Land before during and after the time of Christ These recently discovered and deciphered texts suggest that the boundaries between early Christian belief Jewish tradition and the ancient pagan mysteries are not as well defined as has usually been believed The Gnostic gospels clearly reveal that early Christianity had a powerful esoteric current which is also reflected in the New Testament writings of Mark Paul and above all John

The New Mysteries and the Wisdom of Christ Virginia Sease, Manfred Schmidt-Brabant, 2005 Christianity is not a matter of a religion or even a denomination it is not a question of a particular culture Christ is there for all humanity from the book In the old mystery cultures individuals experienced themselves as children of the gods or even as their instruments According to Rudolf Steiner's spiritual science the birth of independent thinking did not arise until our present state of consciousness the awareness of one's individual self But who is this I Virginia Sease and Manfred Schmidt Brabant maintain that true self knowledge is intimately related to knowledge of the central being of world evolution Christ the I AM Focusing on the being of Christ and on Christianity the authors present a series of engaging lectures on the development of mystery wisdom today Having given an overview of the history of the mysteries in their book *Paths of the Christian Mysteries* the authors deepen and expand their study by drawing particular attention to the effect of the Christ mysteries Some essential themes of this new volume include the transformation of conscience the place of prayer and meditation and the significance of sacrifice today

Judaism and Christianity Alan Jeffery Avery-Peck, Jacob Neusner, 2009 This volume treats the interrelationship between Judaism and Christianity from the first centuries and into modern times paying particular attention to these faiths' social cultural and theological interactions The issues covered range from the formation of Jewish and Christian ideology in the context of Roman paganism to the ways in which Christian culture and theology of the medieval and modern periods form a backdrop to the creation of Jewish identity While the historical periods and issues discussed are diverse the result is to suggest the importance of our recognizing the close development of Judaism and Christianity Written by top scholars in Judaic and Christian studies these essays reflect on how the two faiths related to and were shaped by each other as they evolved in shared historical and cultural contexts even as each maintained its own distinctive ideologies and beliefs

The Beginnings of Christianity Andrew J. Welburn, 1991

The Christian Mystery Rudolf Steiner, 1998-12 In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and Steiner's early interpretations of St John's

gospel and the sermon on the mount All of Steiner's lectures on the Lord's Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner's approach to Christianity as a spiritual practice

Christianity as Mystical Fact Rudolf Steiner, 1997 Written 1902 CW 8 Because of his sense of the interconnectedness of the spiritual world with nature art medicine and all the rest of life Rudolf Steiner was a profound polymath In his seminal study *Christianity as Mystical Fact* he turned his esoteric genius to interpreting the Christ event as the turning point in the world's spiritual history an incarnation whose significance he saw transcending all religions Bishop Frederick H Borsch professor of New Testament and chair of Anglican Studies Lutheran Theological Seminary Philadelphia As simultaneously mysticism and fact *Christianity as Mystical Fact* is a breakthrough in the historical development of humanity for which the mysteries with the results that they brought about form a prior evolutionary stage Rudolf Steiner During the fall and winter of 1901-1902 Steiner gave a series of lectures called *Christianity as Mystical Fact* to members of the Theosophical Society The lectures were rewritten and issued as a book later that year They mark a watershed in the development of Western esotericism Steiner wrote of the idea behind his book The title *Christianity as Mystical Fact* was one I gave to this work eight years ago when I gathered together the content of lectures given in 1902 It was meant to indicate the special approach adopted in the book Its theme is not just the mystical side of Christianity in a historical presentation It was meant to show from the standpoint of a mystical awareness how Christianity came into being Behind this was the idea that spiritual happenings were factors in the emergence of Christianity which could only be observed from such a point of view It is for the book itself to demonstrate that by mystical I do not in any way imply a vague intuition rather than strict scientific argument In many circles mysticism is understood as just that and therefore it is distinguished from the concerns of all genuine science In this book however I use the term to mean a presentation of spiritual reality a reality accessible only to a knowledge drawn from the sources of spiritual life itself Anyone who denies the possibility of such knowledge in principle will find its contents hard to comprehend any reader who accepts the idea that mysticism may coexist with the clarity of the natural sciences may acknowledge that the mystical aspect of Christianity must be described mystically This is a fundamental book in Steiner's own development in that of Western

esotericism and for our understanding of the Christ event Readers will find the evolutionary development from the ancient Mysteries through the great Greek philosophers to the events portrayed in the Gospels Included are an informative introduction and annotated notes by Andrew Welburn and an afterword by Michael Debus a priest of the Christian Community who summarizes the book and places it in context Contents Introduction by Christopher Bamford Translator s Preface by Andrew Welburn The Mysteries and Mysteriosophy The Mysteries and Pre Socratic Philosophy Platonic Mysteries Myth and Mysteriosophy The Egyptian and Other Eastern Mysteries The Evidence of the Gospels The Miracle of Lazarus The Apocalypse of John Jesus in His Historical Setting The Essence of Christianity Christian and Pagan Wisdom Augustine and the Church Original Prefaces and Additional Materials Afterword by Michael Debus Translator s Notes This Collected Works edition contains a new introduction a chronology of Rudolf Steiner s life and an index German edition Das Christentum als mystische Tatsache und die Mysterien des Altertum A Western Approach to Reincarnation and Karma Rudolf Steiner,1997-10 I came forth from the mouth of the Most High and covered the earth like a mist I encamped in the heights and my throne was in a pillar of cloud Alone I compassed the vault of heaven and traversed the depths of the abyss Over waves of the sea over all the earth and over every people and nation I have held sway Before the ages in the beginning he created me and for all ages I shall not cease to be Eccl 24 3 6 9 Sophia the world soul fell from her place in the heavens to the chaos below Sophia is among the most haunting and mysterious figures in Western spirituality She is also one of the great symbols of the divine feminine in world civilization The personification of divine Wisdom Sophia is praised in the biblical book of Proverbs as co creator of the universe with God In the secret teachings of early Christianity known as Gnosticism she represents our shared consciousness trapped in the material world as a result of the Fall One of the most sublime Gnostic texts is the Pistis Sophia or Faith Wisdom a great allegory in which the resurrected Christ explains how he freed the divine Sophia from her imprisonment by the forces of spiritual wickedness Christ goes on to show his disciples how they will share in this cosmic act of redemption In this profound yet accessible work Egyptologist Violet MacDermot gives us a fresh translation of the Pistis Sophia from the Coptic and discusses it in its historical setting She also shows us how Sophia s story of is our story It is a tale of our separation and isolation as a result of ego consciousness but it is one in which we too can share spiritual liberation Her engaging discussion relates this work not only to ancient teachings but to the thought of C G Jung Emanuel Swedenborg and the Kabbalah **Christianity in the Land of the Pharaohs** Jill Kamil,2002 An engaging survey of Coptic Christianity in Egypt since Pharaonic times through its development under Rome Byzantium Islam and beyond Ideal reading for students of Egyptian history and Christianity
