

The Bevin Boy

Peter Liddle

The Bevin Boy:

The Bevin Boy David Day,1995-01-01 **Bevin Boy - A Reluctant Miner** Reg Taylor,2004 This is the personal story of a Bevin Boy one of the band of boys recruited by Ernest Bevin during the Second World War to work in the coal mines the mining technology of the time the back breaking work the hazards and the discomforts His frequent amusing anecdotes together with his engaging observations of work mates serve as relief to this account of industrial slavery The description of various episodes both above and below ground level reveal his wry sense of humour author s escape comes about in an unexpected way and he eventually enters a more suitable professional area instructive and these memoirs are no exception

Called Up, Sent Down Tom Hickman,2016-08-04 At the outbreak of the Second World War the government short sightedly allowed thousands of miners to enlist in the armed services By 1943 the war effort was in danger of grinding to a halt because of a lack of coal In answer Ernest Bevin the Minister of Labour sought service volunteers and compulsorily sent 20 000 18 year olds who d expected to fight for their country down the mines with them Some were so angry that they preferred to go to prison The majority went to do their best But some were psychologically and others physically unsuited to such dangerous work Many were injured some died Called Up Send Down is an enthralling oral and social history of an episode of war that has never been fully told **The Forgotten Conscript** Warwick Taylor,2003-07-01 Men in reserve

Juliette Pattinson,Arthur McIvor,Linsey Robb,2017-02-01 Men in reserve focuses on working class civilian men who as a result of working in reserved occupations were exempt from enlistment in the armed forces It uses fifty six newly conducted oral history interviews as well as autobiographies visual sources and existing archived interviews to explore how this group articulated their wartime experiences and how they positioned themselves in relation to the hegemonic discourse of military masculinity It considers the range of masculine identities circulating amongst civilian male workers during the war and investigates the extent to which reserved workers draw upon these identities when recalling their wartime selves It argues that the Second World War was capable of challenging civilian masculinities positioning the civilian man below that of the soldier hero while simultaneously reinforcing them by bolstering the capacity to provide and to earn high wages frequently in risky and dangerous work all which were key markers of masculinity *Voices in the Dark* Derek Hollows,2010 This compilation of mining anecdotes honours the horses and pit ponies who in harsh and often intolerable conditions served and suffered to help win the coal It is also a tribute to those miners who cared for their charges with deep affection and compassion Our contributors many of whom were Bevin Boys give voice to innocent animals and by so doing they project a light that shines forth from a darkened world of toil and sacrifice for future generations to acknowledge and embrace They represent all who love and revere God s creatures from whom we can learn so much and remind us of the abundant blessings bestowed upon mankind by our animal friends They ask for so little save tender care and repay us a thousandfold Furthermore they reveal the aesthetic talents inherent in the fabric and structure of mining communities where underground

survival was at a premium where tragedy was a frequent visitor and where courage loyalty comradeship and humour prevailed The Bevin Boys Story Phil Yates,1993 **In Plain Sight** Dan Davies,2014-07-17 A major source for the BBC drama *The Reckoning* Winner of the 2015 Gordon Burn Prize and the 2015 CWA Non Fiction Dagger Shortlisted for the Orwell Prize and the James Tait Black Prize Dan Davies has spent more than a decade on a quest to find the real Jimmy Savile and interviewed him extensively over a period of seven years before his death In the course of his quest he spent days and nights at a time quizzing Savile at his homes in Leeds and Scarborough lunched with him at venues ranging from humble transport cafes to the Athenaeum club in London and most memorably joined him for a short cruise aboard the QE2 Dan thought his quest had come to an end in October 2011 when Savile's golden coffin was lowered into a grave dug at a 45 degree angle in a Scarborough cemetery He was wrong In the last two and a half years Dan has been interviewing scores of people many of them unobtainable while Jimmy was alive What he has discovered was that his instincts were right all along and behind the mask lay a hideous truth Jimmy Savile was not only complex damaged and controlling but cynical calculating and predatory He revelled in his status as a Pied Piper of youth and used his power to abuse the vulnerable and underage all the while covering his tracks by moving into the innermost circles of the establishment **THE LULWORTH TRIANGLE** Jim Warren,2013 These stories have been brought to you rocketing out of the past and into the future It has been said that people are not ready for this that these legends winging in from bygone times have arrived seriously ahead of schedule In fairy tales witches always wear those absurd black pointed hats black cloaks and ride on broomsticks to a moon made up of green cheese This is not a fairy tale this book is about those extravagant entrancing and real witches of East Lulworth Along with those extraordinary enchanting druids from the realm of the Eggardon Hundreds the most formidable and heavenly inspired celestial pilots of the light ages Who with their discernment realized in a flash that the Lulworth Triangle is far more mysterious than the Bermuda Triangle ever has been or is ever likely to be It's a complete and utter myth by comparison

ALTERNATIVE REVIEWS I come from Siberia it is a very cold there I like this book it is hot Olya Smith Firebird Studio Wumpland Captured Memories, 1930-1945 Peter Liddle,2011-12-13 In this sequel to his successful first volume Peter Liddle brings his years of Oral History experience to the Thirties and the Second World War He was the founder Director of a new archive in 1999 specifically dedicated to the rescue of evidence of the Second World War which now documents the lives of more than nine thousand people in that war Many of the most vivid recollections he has recorded covering this period appear in this book For the Thirties poverty is movingly exemplified in recall of orphanage upbringing labor in an East Lancashire mill and Glasgow childhood Privileged public schools and university education is here too with political convictions expressed by Barbara Castle and quite exceptionally by Oswald Mosley For the War there is a section on the sea which includes graphic detail of battle lifeboat command the St Nazaire Raid and of Pearl Harbor A George Medallist and an Admiral of the Fleet add special distinction here For the air a Battle of Britain Spitfire Pilot Britain's most successful night

fighter pilot a Lancaster Bomber Pilot VC an American pilot shot down over Belgium surviving to fight with the Resistance and a German Pilot retaining his national Socialist convictions present outstanding material For the land Dunkirk North Africa Italy Singapore D Day Arnhem the Rhine Crossing are all there but so Commando raids SOE operations capture escapes severe wounding and a VC earned in Somaliland A German describes the hand to hand fighting at Cassino a Field Marshal his service in North Africa and Joachim Ronneberg his part in the Telemark Raid in Norway In the Home Front section women feature prominently was WAAF Wrens ATS Bletchley Park the Land Army war work in factories dance band singing Blitz experience in several towns war widowhood and overseas evacuation all feature There is an account of bomb disposal of the stance of a Conscientious Objector and then four people quite exceptional for the significance of their material Two are from Poland a jewess who survived against all odds and a woman who became involved in the Warsaw Uprising the others are Sir Basil Blackwell working on the development of weaponry for the Admiralty and finally Sir Bernard Lovell on radar This book does much to dissolve the intervening years The essence of what is was to be young and to be there lies within these pages
