Public Health Service. Office of the Surgeon General, 2012 This Surgeon General s report details the causes and the consequences of tobacco use among youth and young adults by focusing on the social environmental advertising and marketing influences that encourage youth and young adults to initiate and sustain tobacco use This is the first time tobacco data on young adults as a discrete population have been explored in detail The report also highlights successful strategies to prevent young people from using tobacco **Connecting Social Problems and Popular Culture** Karen Sternheimer, 2018-05-04 Is violence on the streets caused by violence in video games Does cyber bullying lead to an increase in suicide rates Are teens promiscuous because of Teen Mom As Karen Sternheimer clearly demonstrates popular culture is an easy scapegoat for many of society s problems but it is almost always the wrong answer Now in its second edition Connecting Social Problems and Popular Culture goes beyond the news grabbing headlines claiming that popular culture is

public enemy number one to consider what really causes the social problems we are most concerned about The sobering fact is that a media made them do it explanation fails to illuminate the roots of social problems like poverty violence and environmental degradation Sternheimer s analysis deftly illustrates how welfare reform a two tiered health care system and other difficult systemic issues have far more to do with our contemporary social problems than Grand Theft Auto or Facebook The fully revised new edition features recent moral panics think sexting and cyberbullying and an entirely new chapter exploring social media Expanded discussion of how we understand society s problems as social constructions without disregarding empirical evidence as well as the cultural and structural issues underlying those ills allows students to stretch their sociological imaginations
