Television The Ephemeral Art:

Television T. C. Worsley, 1970 **Television: the Ephemeral Art** Thomas Cuthbert Worsley, 1970 **Television** Raymond Williams, 2004-06-01 Television Technology and Cultural Form was first published in 1974 long before the dawn of multi channel TV or the reality and celebrity shows that now pack the schedules Yet Williams analysis of television s history its institutions programmes and practices and its future prospects remains remarkably prescient Williams stresses the importance of technology in shaping the cultural form of television while always resisting the determinism of McLuhan s dictum that the medium is the message If the medium really is the message Williams asks what is left for us to do or say Williams argues that on the contrary we as viewers have the power to disturb disrupt and to distract the otherwise cold logic of history and technology not just because television is part of the fabric of our daily lives but because new technologies continue to offer opportunities momentarily outside the sway of transnational corporations or the grasp of media moguls for new forms of self and political expression **Arts TV** John Albert Walker, 1993 From Monitor to The Late Show British television programs featuring the visual arts are profiled here The various types or genres of arts programs are identified including review programs strand series drama documentaries and artists profiles and a chronological account of their evolution from 1936 to the 1990s is provided Major series such as Civilization Ways of Seeing Shock of the New State of the Art and Relative Values are examined in detail **American Television on British Screens** P. Rixon, 2006-05-02 This work explores how American programmes have become an important part of British television culture since the 1950 s moving from schedule fillers to cornerstones and must see attractions The book analyses popular and industrial discourses the changing roles of such programmes on British screens and interviews with key British broadcasters **TV Critics and Popular Culture** Paul Rixon, 2011-11-30 Ever since the first scheduled television broadcasts began in the 1930s newspapers and magazines took quickly to reviewing this revolutionary new medium The task of television criticism in the public domain initially fell to radio critics and journalists but the 1950s saw the rise of the dedicated TV critic These critics including Peter Black Philip Pursor and Clive James played an important part in shaping the public discourse about television This new book explores the evolution of television criticism in Britain exploring different types of TV critics and reviewers the form of their work and evaluates their importance in our understanding of the way television has become such an integral part of modern culture It also asks whether with the birth of new technologies is the TV critic a dying breed This is an important contribution to the fields of Journalism and Television Studies Cultural Studies and contemporary History *The Influence of Star Trek on Television, Film and Culture* Lincoln Geraghty, 2007-09-12 When the first season of Star Trek opened to American television viewers in 1966 the thematically insightful sci fi story line presented audiences with the exciting vision of a bold voyage into the final frontiers of space and strange new galactic worlds Perpetuating this enchanting vision the story has become one of the longest running and most multifaceted franchises in television history Moreover it has presented an

inspiring message for the future addressing everything from social political philosophical and ethical issues to progressive and humanist representations of race gender and class This book contends that Star Trek is not just a set of television series but has become a pervasive part of the identity of the millions of people who watch read and consume the films television episodes network specials novelizations and fan stories Examining Star Trek from various critical angles the essays in this collection provide vital new insights into the myriad ways that the franchise has affected the culture it represents the people who watch the series and the industry that created it *Rethinking Cultural Criticism* Nete Nørgaard Kristensen, Unni From, Helle Kannik Haastrup, 2020-11-30 This edited volume examines cultural criticism in the digital age It provides new insights into how critical authority and expertise in a cultural context are being reconfigured in digital media and by means of digital media as the boundaries of cultural criticism and who may perform as a cultural critic are redefined or even dissolved The book applies cross media and cross disciplinary perspectives to advance cultural criticism as a wide ranging and multi faceted object of study in the 21st century Presenting a broad collection of case studies including global cases such as the Golden Globe the Intellectual Dark Web YouTube Rotten Tomatoes and Artsy and particular national contexts such as Britain the Czech Republic Denmark and the Netherlands the book showcases the many theoretical and methodological approaches that may serve as useful frameworks for studying new critical voices in the digital age It will be of interest to media communication and journalism scholars as well as scholars from a range of aesthetic disciplines

Popular Abstracts Ray Broadus Browne, 1979 Popular Abstracts is a reference tool providing access to information appearing in past issues of three journals published by the Bowling Green Popular Press Abstracts are included for each article appearing in the first ten volumes of The Journal of Popular Culture 1967 1977 the first five volumes of The Journal of Popular Film 1972 1977 and the first four volumes of Popular Music and Society 1971 1975 *Television's Second Golden Age* Joel R. Campbell, 2024-12-15 Television's Second Golden Age Politics and International Relations in the Era of HBO and Streaming TV examines the foremost series in the Second Golden Age of Television 1999 present in terms of the political themes theories and issues expressed in major television genres By using The Sopranos Boardwalk Empire The Wire Breaking Bad Mad Men House of Cards Battlestar Galactica and Game of Thrones Joel R Campbell explains the nature of the Second Golden Age He clarifies how the rise of quality television through premium cable television channels and later streaming services such as Netflix and Amazon have made it possible for television properties with deeper drama long story arcs and concentration on political and social issues Each chapter analyzes a specific television series that aired or streamed since 1999 in terms constructivist political theory
