Telling Times Nadine Gordimer,2012-03-15 Nadine Gordimer s life reflects the true spirit of the writer as moral activist political visionary and literary icon Telling Times collects together all her non fiction for the first time spanning more than half a century from the twilight of colonial rule in South Africa to the long brutal fight to overthrow South Africa s apartheid regime and to her leadership role over the last 20 years in confronting the dangers of AIDS globalisation and ethnic violence The range of this book is staggering from Gordimer s first piece in The New Yorker in 1954 in which she autobiographically traces her emergence as a brilliant young writer in a racist country to her pioneering role in recognising the greatest African and European writers of her generation to her truly courageous stance in supporting Nelson Mandela and other members of the ANC during their years of imprisonment Given that Gordimer will never write an autobiography Telling Times is an important document of twentieth century social and political history told through the voice of one of its greatest literary figures
