Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945

Arabs in the Mirror Nissim Rejwan, 2009-02-17 What is an Arab Though many in the West would answer that question with simplistic stereotypes the reality is far more complex and interesting Arabs themselves have been debating Arab identity since pre Islamic times coming to a variety of conclusions about the nature and extent of their Arabness Likewise Westerners and others have attempted to analyze Arab identity reaching mostly negative conclusions about Arab culture and capacity for self government To bring new perspectives to the question of Arab identity Iraqi born scholar Nissim Rejwan has assembled this fascinating collection of writings by Arab and Western intellectuals who try to define what it means to be Arab He begins

with pre Islamic times and continues to the last decades of the twentieth century quoting thinkers ranging from Ibn Khaldun to modern writers such as al Ansari Haykal Ahmad Amin al Azm and Said Through their works Rejwan shows how Arabs have grappled with such significant issues as the influence of Islam the rise of nationalism the quest for democracy women s status the younger generation Egypt s place in the Arab world Israel s role in Middle Eastern conflict and the West s cultural invasion By letting Arabs speak for themselves Arabs in the Mirror refutes a prominent Western stereotype that Arabs are incapable of self reflection or self government On the contrary it reveals a rich tradition of self criticism and self knowledge in the Arab world Arab Attitudes to Israel Yehoshafat Harkabi,2017-09-08 Because of recent changes in the explicitly declared goals of Arabs in the Palestinian conflict this book is of singular importance and no scholar or expert on Middle East affairs can afford to ignore it This work by a scholar described as the doyen of Israeli Arabists is the result of vast research into the attitude of the Arabs toward Israel manifested both in their declared explicit aims and in ideological exegeses on the roots of the Palestinian problem Approximately one hundred twenty books written by Arabs and the Arab press and radio are herein analyzed Harkabi s searching examination is objective His detection of consistent patterns in what at first seems amorphous is convincing If there is such a thing as a science of political psychology Harkabi is its master **Arabs at War** ,2004-01-01 Kenneth M Pollack formerly a Persian Gulf military analyst at the CIA and Director for Persian Gulf Affairs at the National Security Council describes and analyzes the military history of the six key Arab states Egypt Iraq Jordan Libya Saudi Arabia and Syria during the post World War II era He shows in detail how each Arab military grew and learned from its own experiences in response to the specific objectives set for it and within often constrained political economic and social circumstances This first ever overview of the modern Arab approach to warfare provides a better understanding of the capabilities and limitations of the Arab militaries some of which are the United States most likely adversaries and some of which are our most important allies **Asian and African Studies** meisai.org.il, Temperament and Characters of the Arabs Sonia Hamady,1960 **Confidence Building Measures In The Middle East** Gabriel Ben-dor,2019-03-11 Confidence Building Measures CBMs were pioneered in Europe at the height of the Cold War The immediate goal of such measures is to create enough trust between parties in international conflicts to avoid mutually unfavourable sometimes dangerous outcomes due to misunderstandings The long term goal of CBMs is to move the contending parties closer

Understanding Arabs Margaret Kleffner Nydell,1996 This guide is designed for Westerners planning to visit live or work in the Maghreb and the Middle East The author has great experience of Arab culture and describes the patterns of change that have influenced the Arab world in recent times She also analyzes basic Arab values religious beliefs and self perceptions Between Argentines And Arabs Christina Civantos,2006-01-01 Examines the presence of Arabs and the Arab world in nineteenth and twentieth century Argentine literature by juxtaposing works by Argentines of European descent and those written by Arab immigrants in Argentina *Mothers and Daughters in Arab Women's Literature* Dalya

Abudi,2010-11-11 This study explores the mother daughter relationship as the most fundamental and most intimate female relationship It draws on both early and contemporary writings of Arab women to illuminate the traditional and evolving nature of mother daughter relationships in Arab families and how these family dynamics reflect and influence modern Arab life The Iron Wall: Israel and the Arab World (Updated and Expanded) Avi Shlaim,2014-10-20 Fascinating Shlaim

presents compelling evidence for a revaluation of traditional Israeli history New York Times Book Review For this newly expanded edition Avi Shlaim has added four chapters and an epilogue that address the prime ministerships from Barak to Netanyahu in the one book everyone should read for a concise history of Israel s relations with Arabs Independent What was promulgated as an iron wall strategy building a position of unassailable strength was meant to yield to a further stage where Israel would be strong enough to negotiate a satisfactory peace with its neighbors The goal still remains elusive if not even further away This penetrating study brilliantly illuminates past progress and future prospects for peace in the Middle East

Egypt, Islam, and the Arabs Israel Gershoni,James P. Jankowski,1987-01-29 Throughout the 20th century Egyptian nationalism has alternately revolved around three primary axes a local Egyptian territorial nationalism a sense of Arab ethnic linguistic nationalism and an identification with the wider Muslim community This detailed study is devoted to the first major phase in the perennial debate over nationalism in modern Egypt the territorial nationalism dominant in Egypt in the early 20th century The first section of the book examines the effects of World War I and its aftermath which temporarily gave rise to an exclusively Egyptianist national orientation in Egypt Subsequent sections consider the intellectual and political dimensions of Egyptian interwar years Egypt Islam and the Arabs is the first volume in a new Oxford series Studies in Middle Eastern History The General Editors of the series are Bernard Lewis of Princeton University Itamar Rabinovich of Tel Aviv University and Roger M Savory of the University of Toronto Theory, Politics, and the Arab World Hisham Sharabi,1990 Representing some of the best of the innovative work in Middle East studies Theory Politics and the Arab World is a comprehensive multidisciplinary effort to reconstruct the field The contributors utilize a new criticism largely fashioned by the concepts and vocabularies of postmodern paradigms Continental theory neo Marxism structuralism poststructuralism and feminist theory *Cultural Journeys into the Arab World* Dalya Cohen-Mor,2018-07-11 Cultural Journeys into the Arab World provides a fascinating window into Arab culture and society through the voices of its own writers and poets Organized thematically the anthology features more than fifty texts including poems essays stories novels memoirs eyewitness accounts and life histories by leading male and female authors from across the Arabic speaking world Each theme is explored in several genres both fiction and nonfiction and framed by a wealth of contextual information that places the literary texts within the historical political cultural and social background of the region Spanning a century of Arab creative writing from the dean of Arabic letters Taha Hussein to the Nobel laureate Naguib Mahfouz and the celebrated poet Adonis the anthology offers unforgettable journeys into the rich and dynamic realm of Arab culture Representing a wide range of settings

viewpoints and socioeconomic backgrounds the characters speak of their conditions aspirations struggles and achievements living in complex societies marked by tensions arising from the persistence of older traditions and the impact of modernity Their myriad voices paint a vivid and intimate portrait of contemporary Arab life in the Middle East revealing the common humanity of a region of vital significance in world affairs
