thus bridges economic social and religious themes The volume provides a view of a society in which religion had a central role in economic activity on an institutional to individual scale The volume allows an evaluation of impact of that activity from both financial and social viewpoints providing a new perspective on Roman religion a perspective to which a wide range of archaeological and documentary evidence from animal bone to coins and building costs has contributed As a result this volume not only provides new information on the economy of Roman religion it also proposes new ways of looking at existing bodies of evidence *Bengal District Gazetteers Bengal (India),1908 Bengal District Gazetteer : Puri L.S.S.*
