## Ten Fingers For God:

*Ten Fingers for God* Dorothy Clarke Wilson, 1983      **Ten Fingers for Gods** Dorothy C. Wilson, 1966-10      **Ten Fingers for God** Dorothy Clarke Wilson, 1989      **The Kabbalah & Magic of Angels** Migene Gonzv<sup>o</sup>lez-Wippler, 2024-11-06 Using the powerful insights of the Kabbalah we can bridge the unfathomable distances between our material world and the divine realms where angels dwell In *The Kabbalah Magic of Angels* celebrated author Migene Gonz lez Wippler presents an in depth look at angels in the context of the Kabbalah the comprehensive system underlying Western religion and spirituality Providing a complete introduction to Kabbalistic concepts Migene shows how to apply them to our relationships with numerous angels Included are ways to contact angels and work with them from simple spells and magical rituals to full Kabbalistic evocations You ll discover how to see angels operating in your life and how to visualize them Numerous angels are named and fully described so readers will know exactly which angel to work with for any purpose or desire Ideal for students of Kabbalah and lovers of angels      *Touching Stories of My Life in Journey to Christian Holiness and Hands- on Patient Care in a Weeping Healthcare* Ramsis Ghaly MD FACS, 2019-08-31 This is the twelfth book in the series *Christianity and the Human Brain* It integrates neuroscience and the Bible the holy book of Jesus My love for Jesus Christ abides with my lifetime passion for neurosurgery and medicine I have a continual obsession for spiritual connectivity between the Holy Spirit and the human brain which indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull Rather it extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body After performing brain surgeries for three decades I have realized that my theory is so true The majestic human brain can t be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain into the brain of a man of God and transforming the hand of man into the hand of the man of God The spiritual human brain never dies Only the flesh does This is the center of my calling and my unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demands from me My life is dedicated to Jesus to my patients and to my residents As a physician I have reached the top within America both as a professor of neurological surgery and anesthesiology and as a well published author of several famous medical journals As an academic teacher I trained for more than thirty four years and have watched thousands of trainees graduate But all this is nothing as I strive to achieve Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual miracles testimonials and sincere quotes from patients as a testament to the Almighty and the dire need for faith and good hearted medicine This book is full of many vibrant stories that I love to share which is timely since I am guessing that my generation will soon be viewed obsolete by future generations What will remain are the books I authored This book is a text of wealth covering broad and diverse topics in my life journey within 134 chapters and organized over fourteen sections So many chapters are written about my special love for Jesus

Christ and his children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to mothers newborns and little children While my soul is grieving a section is centered on the ongoing Christian persecution especially the genocide of Christians in my country Egypt which is also the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn't otherwise convey for one reason or another such as neuroscience in aerospace and some of the timely and touching subjects such as drug overdose human trafficking and health care crises Few chapters are included about my personal views about introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our savior It is never enough to share our love and write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about **God's**

**Equal** Sigurd Grindheim, 2011-08-18 In this book Sigurd Grindheim argues that Jesus implicitly claimed to be God's equal and that his claim to be God's son must be understood in this light The argument unfolds through analysis of the gospel accounts regarding Jesus claims to inaugurate the Kingdom of God his understanding of his miracles his forgiveness of sins his expectation to be the ultimate judge of all the world his claim to speak with an authority that matches that of the Mosaic law the absolute demands he made to his disciples and his appropriation for himself of metaphors that in the Scriptures of Israel were exclusively used of YHWH Furthermore Grindheim traces these claims back to the Historical Jesus Through a comprehensive examination of the primary sources Grindheim argues that Jesus claims go beyond the claims made on behalf of human and even angelic beings within Second Temple Judaism Jesus presents himself in a role that in a Jewish context was reserved for YHWH *Sayings of Jesus: Canonical and Non-Canonical* William L. Petersen, Johan S. Vos, Henk J. de

Jonge, 2014-04-09 Sixteen chapters by leading New Testament scholars examine various aspects of the Sayings of Jesus both canonical and non canonical in this volume presented to Prof Tjitze Baarda Acknowledging the contributions of this distinguished scholar the contributors explore specific passages from the Gospels and other sources such as Q the Didache the Gospel of Thomas and patristic citations of Jesus words Contributors include J Neville Birdsall Sebastian P Brock Joel Delobel J Keith Elliott Eldon Jay Epp Jan Helderma Pieter W van der Horst Henk Jan de Jonge Marinus de Jonge Helmut Koester Andreas Lindemann Gerard Mussies William L Petersen James M Robinson Wolfgang Schenk Johan S Vos The Revelations of St. Birgitta of Sweden Bridget Morris, 2006-03-30 St Birgitta of Sweden 1303 1373 canonized 1391 was one of the most charismatic and influential female visionaries of the later Middle Ages Altogether she received some 700 revelations dealing with subjects ranging from meditations on the human condition domestic affairs in Sweden and ecclesiastical matters in Rome to revelations in praise of the Incarnation and devotion to the Virgin Her Revelations collected and ordered by her confessors circulated widely throughout Europe and long after her death Many eminent individuals including Cardinal Juan

Torquemada Jean Gerson and Martin Luther read and commented on her writings which influenced the spiritual lives of countless individuals Birgitta was also the founder of a new monastic order which still exists today She is the patron saint of Sweden and in 2000 was declared with Catherine of Siena and Edith Stein co patroness of Europe Birgitta s Revelations present her as a commanding and dauntless visionary who develops a contemplative mysticism that is always interwoven with social engagement and a commitment to the salvation of the world Their varied style is dominated by frequent juxtapositions of memorable images and allegories that illustrate her fierce and fertile imagination her sharp powers of observation and understanding and her passionate and receptive storytelling powers This is the first of four projected volumes offering the first complete translation of the Revelations into English since the Middle Ages This volume which covers Books I III of the Revelations contains some of her earliest visions dating from the 1340s Book I addresses some of the major themes of her spirituality and Books II and III contain a sustained critique of the classes of knights and bishops The editors provide an extensive introduction outlining the major characteristics of Birgitta s spirituality her life and work her style and use of sources and the main features of her theology

Wolfson,2020-06-30 A comprehensive treatment of visionary experience in some of the main texts of Jewish mysticism this book reveals the overwhelmingly visual nature of religious experience in Jewish spirituality from antiquity through the late Middle Ages Using phenomenological and critical historical

tools Wolfson examines Jewish mystical texts from late antiquity pre kabbalistic sources from the tenth to the twelfth centuries and twelfth and thirteenth century kabbalistic literature His work demonstrates that the sense of sight assumes an epistemic priority in these writings reflecting and building upon those scriptural passages that affirm the visual nature of revelatory experience Moreover the author reveals an androcentric eroticism in the scopic mentality of Jewish mystics which placed the externalized and representable form the phallus at the center of the visual encounter In the visionary experience as Wolfson describes it imagination serves a primary function transmuting sensory data and rational concepts into symbols of those things beyond sense and reason In this view the experience of a vision is inseparable from the process of interpretation Fundamentally challenging the conventional distinction between experience and exegesis revelation and interpretation Wolfson argues that for the mystics themselves the study of texts occasioned a visual experience of the divine located in the imagination of the mystical interpreter Thus he shows how Jewish mystics preserved the invisible transcendence of God without doing away with the visual dimension of belief
