The series of studies contained in this volume is in no way a history of the Tudor period My object in preparing it has been first to form in my own mind and secondly to present to my readers a clear and consistent conception of the character of sundry persons who in their own day either exercised an effective influence on the course of politics or embodied political ideas which have influenced succeeding generations The events narrated are considered not in the light of their intrinsic importance but as they bear on the particular character under investigation To arrive at a fair estimate of any man's character the primary necessity is to endeavour to realise his point of view to appreciate his preconceptions If we require of him that his preconceptions shall coincide with our own we may reconstruct an interesting dramatic figure but we shall not discover the man as he really was About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Ten Tudor Statesmen (Henry VII - Thomas**
