Tender Marauder Linda Lang Bartell,1994 The American Shorthorn Herd Book ,1902 *The American Short-horn Herd Book* Lewis Falley Allen,William T. Bailey,1902 *The Last Battle of Wichita* Stephen E. Paine,2021-07-12 The Last Battle of Wichita By Stephen E Paine Set in the chaotic testosterone fueled and sometimes dangerous world of professional wrestling the last true land of the outlaws in America The Last Battle of Wichita gives readers an entertaining and sometimes poignant look inside the world s most misunderstood sport The story opens readers eyes to a world of colorful characters living inconceivably complicated existences shedding blood and narrowly avoiding peril at the hands of zealous fans every night in order to make a few bucks doing something most of the world views as little more than a fraudulent leftover from the carnival days But we also see these larger than life individuals as real people with families and dreams who suffer pain and battle personal demons and have a hell of a good time along a road that may come to a dead end at any moment The story explores powerful themes of fatherhood family values failure and redemption and spiritual awakening The Last Battle of Wichita follows two men father and son both at odds with the tortured souls trapped within their broken and battered bodies In their stories separated by thirty six years Colt Younger and Joe Lee will head down parallel paths of redemption leading them to discover the one thing that matters most finding something in life worth fighting for **The Marauder's Mistress** Tabetha Waite,2022-02-14 Constance Freewater has lived almost two decades of her life as a celebrated courtesan known as Madame Corressa a woman always living on the edge As she approaches her fortieth birthday she realizes that what used to be a fulfilling existence no longer holds any excitement for her She s tired of the empty sort of temporary passion that used to be enough When she crosses paths with a mysterious gentleman who becomes intent on pursuing her she is inexplicably drawn to him But when circumstances alter their fate she has to decide if she is prepared to be his mistress or nothing at all Devin Blackmore had a hard life Growing up with drunkards scoundrels and pickpockets on London s city streets was a normal way of life But one mistake was all it took for him to learn a harsh lesson After spending five years in a penal colony he returns to England determined not to succumb to his old ways However he never intended to meet such an enchanting woman as Constance nor believe that she could make him a better man But when a late night attack leaves him fighting for his life he realizes that he can t escape his past He doesn t want to drag Constance into mire with him but he finds out she s not easily intimidated As hearts become entangled they have to decide if what they feel for each other runs deeper than the demons of their past Or is love even possible for these two broken souls **Walk the Vanished Earth** Erin Swan,2022-05-31 This rich endlessly engaging novel is one hopes the first in a long career for an author who has the talent and imagination to write whatever she wants The New York Times In the tradition of Station Eleven Severance and The Dog Stars a beautifully written and emotionally stirring dystopian novel about how our dreams of the future may shift as our environment changes rapidly even as the earth continues to spin The year is 1873 and a bison hunter named Samson travels

the Kansas plains full of hope for his new country The year is 1975 and an adolescent girl named Bea walks those very same plains pregnant mute and raised in extreme seclusion she lands in an institution where a well meaning psychiatrist struggles to decipher the pictures she draws of her past The year is 2027 and after a series of devastating storms a tenacious engineer named Paul has left behind his banal suburban existence to build a floating city above the drowned streets that were once New Orleans There with his poet daughter he rules over a society of dreamers and vagabonds who salvage vintage dresses ferment rotgut wine out of fruit paint murals on the ceiling of the Superdome and try to write the story of their existence The year is 2073 and Moon has heard only stories of the blue planet Earth as they once called it now succumbed entirely to water Now that Moon has come of age she could become a mother if she wanted to if only she understood what a mother is Alone on Mars with her two alien uncles she must decide whether to continue her family line and repopulate humanity on a new planet A sweeping family epic told over seven generations as America changes and so does its dream Walk the Vanished Earth explores ancestry legacy motherhood the trauma we inherit and the power of connection in the face of our planet s imminent collapse This is a story about the end of the world but it is also about the beginning of something entirely new Thoughtful warm and wildly prescient this work of bright imagination promises that no matter what the future looks like there is always room for hope
