Tennessee Williams, T-shirt Modernism and the Refashionings of Theater S. E. Gontarski,2021-07-06 Tennessee Williams T shirt Modernism and the Refashionings of Theater reappraises the received wisdom that Williams s work fell into decline in the late 1960 as the Naturalism he was associated with not always through his own choice was replaced by European theatrical experimentalism and as culture saw a lifting of sexual restrictions It suggests instead that Williams was always experimental always more Chekhov than Ibsen a lyrical playwright inflected with the poetry of Harte Crane and that his late plays are as central to Williams s reshaping of American theater as those works of the immediate post World War II era that brought him fame and fortune Its general aim then is to engage the perception that Tennessee Williams is the greatest unknown playwright America has produced David Savran City University of New York In many respects the work of Tennessee Williams after a protracted period of neglect is primed for reappraisal reinterpretations and subsequently re stagings This work is part of that process academically at very least but performatively as well as academic reinterest often regenerates theatrical reinterest Tennessee Williams and Strindberg Richard B. Vowles,1958 **Tennessee Williams** Philip Kolin,1998-10-28 The plays of Tennessee Williams are some of the greatest triumphs of the American theatre If Williams is not the most important American playwright he surely is one of the two or three most celebrated rivaled only by Eugene O Neill and Arthur Miller In a career that spanned almost five decades he created an extensive canon of more than 70 plays His contributions to the American theatre are inestimable and revolutionary The Glass Menagerie 1945 introduced
