The Tent Dwellers Albert Bigelow Paine, 2017-03-25 Immediately we that is to say Eddie began to buy things It is Eddie's way to read text books and to consult catalogues with a view of making a variety of purchases He has had a great deal of experience in the matter of camp life but being a modest man he has a fund of respect for the experience of others Any one who has had enough ability or time to write a book on the subject and enough perseverance or money to get it published can preach the gospel of the woods to Eddie in the matter of camp appointments and even the manufacturers catalogues are considered sound reading As a result he has accumulated an amazing collection of articles adapted to every time and season to every change of wind and temperature to every spot where the tent gleams white in the campfire's blaze from Greenland's icy mountains to India's coral strand Far be it from me to deride or deprecate this tendency even though it were a ruling passion There are days and nights too recalled now with only a heart full of gratitude because of Eddie's almost inexhaustible storehouse of comforts for soul and flesh the direct result of those text books and those catalogues and of the wild sweet joy he always found in making lists and laying in supplies **TENT DWELLERS** ALBERT BIGELOW. 'Imagining' Biblical Worlds David M. Gunn,Paula McNutt,2002-12-01 The essays in this volume address the interface between biblical studies archaeology sociology and cultural anthropology celebrating the pioneering work of James Flanagan In particular this collection explores various ways in which the real ancient world is constructed by the modern critical reader with the aid of various theoretical and practical tools The contributors to this volume have all been involved with Flanagan and his projects during his academic career and the essays carry forward the important interdisciplinary agendas he has encouraged Part One deals with his recent interest in spatiality and Part Two with social and historical constructs This book in James Flanagan s honour represents a significant statement of research in an area of biblical and historical research that is increasingly important yet surprisingly under represented

Albert Bigelow Paine,2018-08-11 The Tent Dwellers By Albert Bigelow Paine 1908 I was interested in Eddie s rods leaning
here and there on various parcels about the room I found that the new noibwood such as I had ordered was only a unit in a
very respectable aggregate rather an unimportant unit it appeared by this time for Eddie calmly assured me that the tip had
remained set after landing a rather small trout in a nearby stream and that he did not consider the wood altogether suitable
for trout rods Whereupon I was moved to confess the little bamboo stick I had bought in Boston and produced it for
inspection I could see that Eddie bristled a bit as I uncased it and I think viewed it and wiggled it with rather small respect
Still he did not condemn it utterly and I had an impulse to confess the other things the impossible little scale wing flies the
tin whistle and the Jock Scott with two hooks However it did not seem just the psychological moment We are delighted to
publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out
of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to
facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves
to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been
scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff
Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the
original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

2003 at the age of sixty two I thru hiked the Appalachian Trail This is the story about that hike The Appalachian Trail starts
on Springer Mountain Georgia and goes through fourteen states in a rather meandering way ending on Mount Katahdin
Maine a distance of roughly 2 175 miles depending on the source of information as to the exact distance My hike started on
April 5 I arrived at the base of Mount Katahdin on September 14 and waited in nearby Millinocket until September 21 to
complete the hike and climb the final 5 2 miles to the summit The final day I was accompanied by our youngest son Will who
had flown to Boston from Salt Lake City rented a car and drove to Millinocket to join me Sometimes plans do work out
perfectly for September 21 was Kris and my fortieth wedding anniversarythis to emphasize the importance of commitment
which is what this story is all about Thru hiking the AT has taken on different meanings through the years since Earl V
Shaffer did it for the first time in 1948 as documented in his book Walking with Spring His was the epitome the purist
approach as a backpacking venture carrying his own supplies tenting and staying in shelters and walking the entire distance
along the designated path as it then existed but has been subject to a lot of changes since his time My intention was to do it
as closely as possible adhering to this purist attitude without all of the designer methodology that has come to be acceptable
for being considered a modern thru hiker And except for 1 1 milethis is covered in the bookthat is what I did The Argosy
