Teotihuacan Capital De Los Toltecas:

Teotihuacan, capital de los Toltecas Laurette Séjourné,1994 En esta reimpresión del fundamental estudio de la doctora Séjourné sobre Teotihuacan y su historia y sobre las excavaciones que en su ámbito realizó ella misma adquieren nueva significación y relieve las tesis elaboradas por la ilustre antropóloga en torno a la cultura tolteca y al pensamiento huasteco

De Teotihuacán a los Aztecas Miguel León Portilla,1983 *Archaeological Researches at Teotihuacan, Mexico* Sigvald Linné,2003-03-26 The field data and archaeological analysis of the first controlled excavations of the vast City of the Gods in central Mexico In 1932 the Ethnographical Museum of Sweden sent an archaeological expedition to Mexico under the direction of Sigvald Linné to determine the full extent of this ancient Teotihuacan occupation and to collect exhibit quality artifacts Of an estimated 2 000 plus residential compounds at Teotihuacan only 20 apartment like structures were excavated at the time Yet Linné's work revealed residential patterns that have been confirmed later in other locations Some of the curated objects from the Valley of Mexico and the adjacent state of Puebla are among the most rare and unique artifacts yet found Another important aspect of this research was that with the aid of the Museum of Natural History in Washington Linné's team conducted ethnographic interviews with remnant native Mexican peoples whose culture had not been entirely destroyed by the Conquest thereby collecting and preserving valuable information for later research **La población del valle de Teotihuacán: v.1. Dirección de Antropología,1922 *Prácticas funerarias en la ciudad de los dioses* Linda Manzanilla,1999 **Cosmopolitanism in Mexican Visual Culture** María Fernández,2014-01-06 Since the colonial era Mexican art has emerged from an ongoing process of negotiation between the local and the global which frequently involves invention synthesis and transformation of diverse discursive and artistic traditions In this pathfinding book María Fernández uses the concept of cosmopolitanism to explore this important aspect of Mexican art in which visual culture and power relations unite the local and the global the national and the international the universal and the particular She argues that in Mexico as in other colonized regions colonization constructed power dynamics and forms of violence that persisted in the independent nation state Accordingly Fernández presents not only the visual qualities of objects but also the discourses ideas desires and practices that are fundamental to the very existence of visual objects Fernández organizes episodes in the history of Mexican art and architecture ranging from the seventeenth century to the end of the twentieth century around the consistent but unacknowledged historical theme of cosmopolitanism allowing readers to discern relationships among various historical periods and works that are new and yet simultaneously dependent on their predecessors She uses case studies of art and architecture produced in response to government commissions to demonstrate that established visual forms and meanings in Mexican art reflect and inform desires expectations memories and ways of being in the world in short that visual culture and cosmopolitanism are fundamental to processes of subjectification and identity *La población del Valle de Teotihuacán: v.*

LOST KINGDOMS OF CENTRAL AMERICA Norah Romney, 2021-02-12 Thousands of years ago people settled in the part of the world called Mesoamerica This region consists of southern Mexico and most of Central America as it stretches between what is now called the Gulf of Mexico and the Pacific Ocean Although many different countries now exist within this space it was the original home to just one civilisation the Olmec As time advanced other well known groups became dominant in the area These were primarily the Aztecs and the Mayan All these early civilizations that existed from approximately 1200 BCE to 900 CE were steeped with culture tradition commerce and conflict They also offer many mysteries and enigmas to modern understanding These are the things that make people wonder about how the civilisations

arose gained such power and why they disappeared Travel back in time to the first days to discover the questions that still exist in the minds of archaeologists historians and others who strive to understand the ancient mysteries of Mesoamerica
