Introducción al asesoramiento pastoral de la familia AETH Jorge E. Maldonado, 2004-05-01 La profundidad de valores morales que llevan a considerar todo desde una perspectiva groseramente relativista la situación social y económica tan crítica que lleva a tratar de

protegernos de cualquier manera posible el materialismo contemporáneo que nos hace creer que teniendo más cosas seremos más felices y otros muchos aspectos similares han provocado una crisis que se refleja y tiene sus efectos en la pareja y familia contemporánea. La sociedad ha contagiado su enfermedad a la familia. Así pues esta unidad básica sufre los devastadores efectos del tiempo y sociedad en que nos ha tocado vivir. Hay algo que se pueda hacer. Hay remedio que alivie esa enfermedad. El Dr. Maldonado nos muestra que para que la familia pueda procesar cualquier situación crítica que esté viviendo y salir avante por el camino de la recuperación y el crecimiento la mayor parte del tiempo requiere de orientación, consejo o asesoramiento. Así pues y desde la perspectiva cristiana en este libro el Dr. Maldonado presenta los elementos básicos de la asesoría a los criterios que servirán para identificar a una familia sana e ir hacia ella y las metas que se deben perseguir al asesorar y que servirán al asesor o consejero para promover el sano crecimiento tanto de la pareja como de la familia. Porque a final de cuentas la familia no es solamente el lugar donde encontramos refugio y alimento. La familia por sobre todo es el lugar donde nos formamos como y donde somos verdaderamente humanos y cristianos.

Part I opens with a discussion of the theoretical foundation and epistemological grounding of the perspective and then moves on to the observational research methods involved in applying the perspective's interactional approach. Part II presents a set of programmatic research exemplars that describe the application of the relational communication approach in different relational contexts from marital to organizational settings. Estas herramientas sistémicas son imprescindibles para abordar la mayor parte de las dificultades que afectan a niños, adolescentes y adultos para los conflictos en las relaciones de pareja o familia y para considerar las distintas posiciones o roles que se establecen entre profesionales y clientes. Quienes trabajen con individuos, parejas o familias, encontrarán en el enfoque sistemático un marco para entender el impacto de los contextos relacionales y las narrativas familiares y sociales y algunas de las herramientas de intervención más innovadoras y eficaces desarrolladas recientemente.
