W. Ahlgren, 1998 Teresa of Avila one of history s most beloved mystics wrote during a time of intense ecclesiastical scrutiny of texts The determination of the Counter Reformation Church to dominate religious life and control the content of theological writing

significantly influenced Teresa's career as reformer and writer Gillian T W Ahlgren explores the theological and ecclesiastical climate of sixteenth century Spain in this study of the challenges Teresa encountered as a female theologian and mystic As inquisitional censure increased and the authority of women's visions and ecstatic prayer experiences declined Teresa's written self expressions became of necessity less direct Her later writing was heavily encoded and scholars have only recently begun to decipher those protective codes Ahlgren demonstrates how Teresa's rhetorical style and theological message were directly responsive to the climate of suspicion created by the Inquisition and how they thus constituted a challenge to sixteenth century assumptions about women The only female theologian to be published in late sixteenth century Spain Teresa sought to provide a clear defense of mystical experience particularly that of women Ahlgren suggests that the rhetorical strategies Teresa developed to protect women's visionary experiences were subsequently used by Church officials to rewrite aspects of her life and thought transforming her into the model for official Counter Reformation sanctity

Teresa of Avila Cathleen Medwick, 2001-01-16 A refreshingly modern reconsideration of Saint Teresa 1515-1582 one of the greatest mystics and reformers to emerge within the sixteenth century Catholic Church whose writings are a keystone of modern mystical thought From the very beginning of her life in a convent following the death of her mother and the marriage of her older sister it was clear that Teresa's expansive nature intensity and energy would not be easily confined Cathleen Medwick shows us a powerful daughter of the Church and her times who was a very human mass of contradictions a practical and no nonsense manager and yet a flamboyant and intrepid presence who bent the rules of monastic life to accomplish her work while managing to stay one step ahead of the Inquisition And she exhibited a very personal brand of spirituality often experiencing raptures of an unorthodox arguably erotic nature that left her frozen in one position for hours unable to speak Out of a concern for her soul and her reputation her superiors insisted that she account for every voice and vision as well as the sins that might have engendered them thus giving us the account of her life that is now considered a literary masterpiece Medwick makes it clear that Teresa considered her major work the reform of the Carmelites an enterprise requiring all her considerable persuasiveness and her talent for administration We see her moving about Spain with the assurance if not the authority of a man in spite of debilitating illness to establish communities of nuns who lived scrupulously devout lives without luxuries In an era when women were seldom taken seriously she even sought and received permission to found two religious houses for men In this fascinating account Cathleen Medwick reveals Teresa as both more complex and more comprehensible than she has seemed in the past She illuminates for us the devout and worldly woman behind the centuries old iconography of the saint [The Life of Saint Teresa of Avila by Herself](#) Teresa Of Avila, 1957 Born in the Castilian town of Avila in 1515 Teresa entered the Carmelite convent of the Incarnation when she was twenty one Tormented by illness doubts and self recrimination she gradually came to recognize the power of prayer and contemplation her spiritual enlightenment was intensified by many visions and mystical experiences including the piercing of her heart by a
