The Beatles from A to Zed Peter Asher, 2019-10-29 At last I finally understand the alphabet I also love this book secret Beatles knowledge from one of the closest insiders Steve Martin Peter Asher met the Beatles in the spring of 1963 the start of a lifelong association with the band and its members He had a front row seat as they elevated pop music into an art form and he was present at the creation of some of the most iconic music of our times Asher is

also a talented musician in his own right with a great ear for what was new and fresh He was asked by Paul McCartney to help start Apple Records the first artist Asher discovered and signed up was a young American singer songwriter named James Taylor Before long he would be not only managing and producing Taylor but also working with Linda Ronstadt Neil Diamond Robin Williams Joni Mitchell and Cher among others The Beatles from A to Zed grows out of his popular radio program From Me to You on SiriusXM s The Beatles Channel where he shares memories and insights about the Fab Four and their music Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter but also on recurrent themes in the Beatles music the instruments they played the innovations they pioneered the artists who influenced them the key people in their lives and the cultural events of the time Few can match Peter Asher for his fresh and personal perspective on the Beatles And no one is a more congenial and entertaining guide to their music
