throughout history Chaline surveys the gym's many incarnations and the ways the individual, the nation, state, the media and the corporate world have intersected in its steamy confines sometimes with unintended consequences. He shows that the gym is far more than a factory for superficiality and self-obsession; it is one of the principal battlefields of humanity's social, sexual and cultural wars. Exploring the gym's history from a multitude of perspectives, Chaline concludes by looking toward its future as it struggles to redefine itself in a world in thrall to quick fixes such as plastic surgery and pharmaceuticals meant to attain the gym's ultimate promises: physical fitness and beauty.

Professionals United States. Congress. House. Committee on Agriculture. Subcommittee on Domestic Marketing, Consumer Relations, and Nutrition, 1984. Sexualities, Spaces and Leisure Studies Jayne Caudwell, Kath Browne, 2013-09-13. This

edited collection explores the important connections between sexualities, geographies and leisure studies. Chapters consider aspects of sport, leisure and tourism and show how sexualities are produced and reproduced within these spatial realms. The critical and interdisciplinary analyses which are evident in the collection focus on sexuality and the socio-cultural power relations produced through and in the spaces of leisure. These theoretical discussions are all informed by recent research findings and importantly extend existing debates within the fields of geography and leisure studies. A range of appropriate and relevant topics are covered including critical debate on sexism, homophobic heterosexism and heteronormativity as well as specific LGBT experiences of sport, spectatorship, socialising, Mardi Gras and skiing. This book offers a unique collection and it is the first of its kind. This book was published as a special issue of *Leisure Studies*.
