The Battle For Sarawaks Forests:

The Battle for Sarawak's Forests ,1990 The Battle for Sarawak's Forests ,1989 Activists beyond Borders Margaret E. Keck,Kathryn A. Sikkink,2014-02-15 In *Activists beyond Borders* Margaret E Keck and Kathryn Sikkink examine a type of pressure group that has been largely ignored by political analysts networks of activists that coalesce and operate across national frontiers Their targets may be international organizations or the policies of particular states Historical examples of such transborder alliances include anti slavery and woman suffrage campaigns In the past two decades transnational activism has had a significant impact in human rights especially in Latin America and advocacy networks have strongly influenced environmental politics as well The authors also examine the emergence of an international campaign around violence against women **The Global Forest Sector** Eric Hansen,Rajat Panwar,Richard Vlosky,2013-12-04 Changes in production demand supply and trade patterns the impact of green building and bioenergy on industry practices and policy infrastructure and new economies with production advantages and large consumption bases all present challenges and opportunities in the forest sector With contributions from leading experts in academia and profess *Anthropogenic Tropical Forests* Noboru Ishikawa,Ryoji Soda,2019-11-06 The studies in this volume provide an ethnography of a plantation frontier in central Sarawak Malaysian Borneo Drawing on the expertise of both natural scientists and social scientists the key focus is the process of commodification of nature that has turned the local landscape into anthropogenic tropical forests Analysing the transformation of the space of mixed landscapes and multiethnic communities driven by trade in forest products logging and the cultivation of oil palm the contributors explore the changing nature of the environment multispecies interactions and the metabolism between capitalism and nature The project involved the collaboration of researchers specialising in anthropology geography Southeast Asian history global history area studies political ecology environmental economics plant ecology animal ecology forest ecology hydrology ichthyology geomorphology and life cycle assessment Collectively the transdisciplinary research addresses a number of vital questions How are material cycles and food webs altered as a result of large scale land use change How have new commodity chains emerged while older ones have disappeared What changes are associated with such shifts What are the relationships among these three elements commodity chains material cycles and food webs Attempts to answer these questions led the team to go beyond the dichotomy of society and nature as well as human and non human Rather the research highlights complex relational entanglements of the two worlds abruptly and forcibly connected by human induced changes in an emergent and compelling resource frontier in maritime Southeast Asia Chapters Commodification of Nature on the Plantation Frontier and Into a New Epoch The Plantationocene are available open access under a Creative Commons Attribution NonCommercial NoDerivatives 4.0 International License via link.springer.com *The Conservation Atlas of Tropical Forests* N.Mark Collins,1991-06-18 The first of a series designed to cover all tropical rain forests in the world This is a visual portfolio of detailed maps of Asia

accompanied by a text which seeks to analyze the extent and causes of deforestation and to point a way towards sustainable forest development Shadows in the Forest Peter Dauvergne,1997 This book is the first to analyze the environmental impact of Japanese trade corporations and aid on timber management in the context of Southeast Asian political economies It is also one of the first comprehensive studies of why Southeast Asian states are unable to enforce forest policies and regulations **Logging the Globe** M. Patricia Marchak,1995 With the growth of industrial forestry in the southern hemisphere and the restructuring of forestry in the northern hemisphere the industry is undergoing tremendous change Logging the Globe investigates the transformations that are taking place and their ecological social and economic impact

The Vandana Shiva Reader Vandana Shiva,2015-01-27 The pioneering environmental activist presents her most influential writings with an informative introduction by Wendell Berry Motivated by agricultural devastation in her home country of India Vandana Shiva became one of the world s most influential environmental and anti globalization activists Her groundbreaking research has exposed the destructive effects of monocultures and commercial agriculture and revealed the links between ecology gender and poverty In The Vandana Shiva Reader Shiva assembles her most influential writings combining trenchant critiques of the corporate monopolization of agriculture with a powerful defense of biodiversity and food democracy This essential collection demonstrates the full range of Shiva s research and activism from her condemnation of commercial seed technology genetically modified organisms GMOs and the international agriculture industry s dependence on fossil fuels to her tireless documentation of the extensive human costs of ecological deterioration This important volume illuminates Shiva s profound understanding of both the perils and potential of our interconnected world and calls on citizens of all nations to renew their commitment to love and care for soil seeds and people *Tropical Rainforest Research — Current Issues* D.S.
