WILLI MARXSEN

The Beginnings Of Christology A Study In Its Problems

Burton L. Mack

The Beginnings Of Christology A Study In Its Problems:

The Beginnings of christology Willi Marxsen,1969 *A Myth of Innocence* Burton L. Mack,1991 This imaginative book is not just a study of the Gospel of Mark but of primitive Christianity in all its variegated forms for which it represents a new paradigm It deserves serious reflection and discussion at several levels in a variety of contexts by quite diversified discussion partners James M Robinson Professor Emeritus Claremont Graduate University This is an epic making work because it turns scholarship on its head Mack asks questions not about origins but about social meaning The entire conception of what we want to know why we want to know it and how we shall find it out is new and compelling Jacob Neusner Bard College A Myth of Innocence is the most penetrating historical work on the origins of Christianity written by an American scholar in this century Its strikingly innovative feature is the recombination of literary and social histories and the placement of diverse Jesus movements into their respective social contexts Werner H Kelber *The Catholic Biblical Quarterly* **Life of Jesus research** Evans,2019-07-01 Life of Jesus Research offers students and scholars annotated bibliographies for all of the major areas of critical scholarship in the historical Jesus providing complete bibliographical information annotations and brief introductions to the various subjects The work is an indispensable tool for research in this important field of study *The Son of Man Debate* Delbert Burkett,2000-01-13 The expression Son of Man used in the Gospels almost exclusively by Jesus has been the object of intensive study since the Protestant Reformation yet scholars have come to no agreement on its origin or meaning Research in this area has been described as a veritable mine field and a can of worms Because of the scope and complexity of the literature no comprehensive survey of the subject has been written in the twentieth century Delbert Burkett s book fills this need It provides a comprehensive historical overview of the debate from the patristic period to 1996 and gives an evaluation of that research and a summation of the present state of the question Burkett concludes that despite nineteen centuries of Son of Man study there is no consensus concerning the meaning or origin of the expression the debate is therefore a prime example of the limits of New Testament scholarship The Content and the Setting of the Gospel Tradition Mark Harding,Alanna Nobbs,2010-10-22 Editors Mark Harding and Alanna Nobbs have here brought together the internationally recognized scholarly excellence of Macquarie University faculty and associates to provide a major contribution to the study of the content and environment of the New Testament Gospels Few books in current New Testament scholarship seriously tackle its social setting and textual tradition beyond a chapter or two The Content and Setting of the Gospel Tradition integrates the texts with the literary social and historical context in which they were written *A Guide to Contemporary Hermeneutics* Donald K. McKim,1999-05-25 Acknowledging that hermeneutics has become an increasingly important major focus in theological study Donald McKim s A Guide to Contemporary Hermeneutics presents a series of essays by various writers assessing current hermeneutical approaches and methods of biblical hermeneutics from their own personal experience Life of Jesus Research Craig A. Evans,1996 This volume offers annotated bibliographies

for all the major areas of critical scholarship in the historical Jesus It is an indispensable tool for research in this important field of the study *The Incarnation of God* Hans Küng,1987-01-01 This work introduces the English speaking reader to the theoretical foundations of Kng s popular works an indispensable prolegomena for every future Christology *The Christian Church* Hans Schwarz,2007-04-01 With thoroughness and clarity Hans Schwarz presents a historical and systematic understanding of the church its worship and piety its traditions and doctrines its forms and structures This skilled assessment outlines the impact of the church today and analyzes its prospects for the future *Origins and Method--Towards a New Understanding of Judaism and Christianity* Bradley H. McLean,1993-09-01 This collection of essays is presented in honour of John C Hurd on the occasion of his retirement as Professor of New Testament at Trinity College Toronto and in recognition of a distinguished career in the fields of Pauline studies and computing in the humanities Given Professor Hurd s interest in Christian origins and methodology it is appropriate that the contributors to this volume deal with the origin and development of various aspects of Judaism and Christianity In particular they highlight how a greater attentiveness to method has resulted in a reshaping of our understanding of Christianity or Judaism The volume is divided into three parts New Understandings of Paul New Understandings of the New Testament and New Understandings of the Relationship between Judaism and Christianity Contributors include Walter Aufrecht Karl Donfried Robert Grant John Kloppenborg Gerd Ludemann and Wayne McCready
