Killing the Bismarck Iain Ballantyne,2014-05-19 An excellent account A suspenseful narrative that will keep readers on the edge of their seats WWII History Magazine In May 1941 the German battleship Bismarck accompanied by heavy cruiser Prinz Eugen broke out into the Atlantic to attack Allied shipping The Royal Navy s pursuit and subsequent destruction of Bismarck was an epic of naval warfare In this new account of those dramatic events at the height of the Second World War Iain Ballantyne draws extensively on the graphic eyewitness testimony of veterans to construct a thrilling story mainly from the point of view of the British battleships cruisers and destroyers involved He describes the tense atmosphere as cruisers play a lethal cat and mouse game shadowing Bismarck in the icy Denmark Strait We witness the shocking destruction of the British battle cruiser Hood in which all but three of her ship s complement were killed an event that filled pursuing Royal Navy warships including the battered battleship Prince of Wales with a thirst for revenge While Swordfish torpedo bombers try desperately to cripple the Bismarck we sail in destroyers on their own daring torpedo attacks battling mountainous seas Finally the author takes us into the final showdown as battleships Rodney and King George V supported by cruisers Norfolk and Dorsetshire destroy the pride of Hitler s fleet This vivid superbly researched account portrays this epic saga through the eyes of so called ordinary sailors caught up in extraordinary events conveying the horror and majesty of war at sea in all its cold brutality and awesome power

Kriegsmarine U-boats 1939-45 (1) Gordon Williamson,2012-04-20 This the first of two

volumes on Germany's World War II U boats traces their development from the early U boats of the Kaiser's Navy the prohibition on Germany having U boats following the Armistice in 1918 and the subsequent Treaty of Versailles the secret development of U boats using a cover firm in Holland culminating in the formation of the 1st U boat Flotilla in 1935 with the modern Type II The operational history section includes examples from the Classes Type VIIA Type VIIB VIID VIIE and VIIF before concentrating on the mainstay of the U boat arm the Type VIIC Comparisons are also made with the standard allied submarines their strengths weaknesses and U boat tactics **Records Relating to U-boat Warfare, 1939-1945**, 1985

'Sink the French!' David Wragg, 2007-07-01 A history defining moment in World War II when the allied nations of England and France stood on the precipice of betrayal and war with each other After the forces of Nazi Germany launched their Blitzkrieg assault on Holland Belgium and Northern France the tentative relationship between Great Britain and France was strained to the limit For when the Vichy regime surrendered the British had grave fears that the Germans would force the French naval fleet the fourth largest in the world to turn against their former ally while in fact their orders were to scuttle should the Germans attempt to seize them Sink the French examines the precursors to the fall of France and its consequences most particularly the way the French Navy was dealt with It examines the confused situation that France's defeat created including the rise of a relatively junior French general Charles de Gaulle who was smuggled out of France by the RAF Elsewhere French ships were boarded and seized by the British and at Oran Algeria their fleet was bombarded by the Royal Navy just as there were other incidents including French aircraft bombing Gibraltar This insightful exploration of a world sinking into chaos and the mistrust war can breed between allies is a must read for anyone interested in this pivotal moment in history when opposition to the Nazis was almost broken The Times Documentary History of the War: Naval, pt. 1-2 London The Times, 1917 U-Boat Attack Logs Bruce Taylor, Daniel Morgan, 2011-11-09 An indispensable reference work for anyone studying either the U boat campaign or WW2 at sea copiously illustrated fascinating and harrowing Navy News During the Second World War over 250 Allied warships from a dozen navies were sent to the bottom by German U boats This ground breaking study provides a detailed analysis of every sinking for which source material survives from both the Allied and the German sides resulting in detailed treatment of the fate of 110 vessels with the remainder summarized in an extensive appendix Uniquely each entry is built around a specialist translation of the relevant segment of the war diary log of the U boat in question taken directly from the surviving originals remarkably this represents the first large scale publication of the U boat war diaries in any language The book offers a wealth of new information not only with respect to the circumstances of the sinkings from both the Allied and German perspectives but also to the technical environment in which they lived as well as the fate of the crews The entries include background details on the vessels concerned and the men involved with a selection of rare and carefully chosen photos from archives and collections around the world Each entry is itself a compelling narrative but is backed with a list of sources consulted including documents published works and

websites A decade in the making this is probably the most important book on the U boat war to be published for many a year
Offers significant new information on many of the most famous incidents Maritime Advisor
