China Exchange News ,1988      *Technology Transfer in the People's Republic of China: Law and Practice* Richard J. Goossen,2024-12-09      US-China Relations ,1981      Thirty Years of China - U.S. Relations Sujian Guo,Baogang Guo,2010-08-04 The year 2009 marks the 30th anniversary of normalization of Sino U S relations Over the past 30 years the bilateral relations have developed by twists and turns It is not until recent years that some stability and forward looking exchanges have returned to the central stage albeit tension grievances and mistrust continue to persist Washington has encouraged China to become a responsible stakeholder in the world affairs while China has urged the U S to work with China to build a harmonious world Both sides want to work together to solve their differences through dialogs and negotiations In

the wake of the worldwide financial crisis of 2008 2009 China has contributed greatly in financing the crumbling U S financial market and lent a helping hand in stabilizing the world economy Nevertheless the foundation of the relationship remains very fragile and the long term prospect for a constructive cooperative relationship is still full of uncertainties For many Americans China s increasing global reach and growing political and economic influence constitute the greatest challenge to world dominance by the United States As a result some perceive China s rise as a threat to Americans core national interests The recent changes in the global geostrategic landscape and economic interdependence have suggested that some new ideas factors conditions and elements are shaping the relations between the two countries The task of Thirty Years of China U S Relations Analytical Approaches and Contemporary Issues is to explore these factors issues and challenges and their impact for the bilateral relations in the 21st century Sino-American Economic Relations, 1944-1949 C. X. George Wei,1997-08-07 The economic relationship between the U S and China during the 1940s has long been neglected with few scholarly works focusing on the period This era was overshadowed by the political and diplomatic changes during and after the failure of the Nationalists in 1949 Without a close and insightful look into the reconstruction of China with American involvement during the late 1940s one cannot identify the problems which led to the Nationalists failure nor can one answer the questions dealing with the impact of American economic policy toward China during that time
