masterful statue David four years earlier he had little experience as a painter even less working in the delicate medium of fresco and none with challenging curved surfaces such as the Sistine ceiling's vaults The temperamental Michelangelo was himself reluctant He stormed away from Rome incurring Julius's wrath before he was eventually persuaded to begin Michelangelo and the Pope's Ceiling recounts the fascinating story of the four extraordinary years he spent laboring over the twelve thousand square feet of the vast ceiling while war and the power politics and personal rivalries that abounded in Rome swirled around him A panorama of illustrious figures intersected during this time the brilliant young painter Raphael with whom Michelangelo formed a rivalry the fiery preacher Girolamo Savonarola and the great Dutch scholar Desiderius Erasmus a youthful Martin Luther who made his only trip to Rome at this time and was disgusted by the corruption all around him Ross King blends these figures into a magnificent tapestry of day to day life on the ingenious Sistine scaffolding and outside in the upheaval of early sixteenth century Italy while also offering uncommon insight into the connection between art and history
