Six Van Gogh Postcards:

Six Van Gogh Cards Vincent Van Gogh, 1991-09 Few artists command the worldwide attention and esteem of Vincent van Gogh whose landscapes flower paintings and portraits so startlingly rendered linger in the imagination Here are six of his finest paintings including a famous self portrait and a memorable still life of irises All have been finely reproduced in full color ready to share with friends on any occasion Original Dover 1991 publication **Complete Catalog of Books in All Fields** Dover Publications, Inc, 1997 **Van Gogh's Room at Arles** Stanley Elkin, 2010-10-26 DIV DIV Three witty and poignant novellas from a twentieth century literary master at the peak of his craft DIV div div DIV Van Gogh's Room at Arles is Stanley Elkin's second collection of novellas a razor sharp exploration of three characters suffering under the weight of intellectual physical and social burdens In the collection's title story Elkin writes of an insecure professor's scholarly retreat with the most accomplished members of his field Her Sense of Timing is a story of a man who though confined to a wheelchair attempts to throw a party without the help of his absent wife And in Confessions of a Princess Manque Elkin writes of the Prince of Wales's love affair with a common woman in a parody of a sensationalist tabloid story div DIV div DIV This ebook features rare photos and never before seen documents from the author's estate and from the Stanley Elkin archives at Washington University in St Louis div div Impressionist Paintings Dover, 2019-12-18 Six full color postcards recreate popular works of the Impressionist movement Vincent van Gogh's Self Portrait with Bandaged Ear Pierre Auguste Renoir's Girls at the Piano Alfred Sisley's The Bridge at Villeneuve la Garenne Claude Monet's Water Lilies and Japanese Bridge Mary Cassatt's Mother and Child Against a Green Background and Edgar Degas Before the Rehearsal **Heritage Music & Entertainment Auction #7006**, **The Publishers' Trade List Annual**, 1991 *Van Gogh's Cypresses* Susan Alyson Stein, 2023-05-15 Vincent van Gogh 1853-1890 immortalized the cypress tree in signature images that have become synonymous with his fiercely original power of expression This richly illustrated publication illuminates the backstory of his invention for the first time from his initial investigations of the motif in benchmark drawings from Arles to his realization of their full evocative potential in such iconic canvases as The Starry Night and Wheat Field with Cypresses painted at the asylum in Saint Remy Susan Alyson Stein retraces the Dutch artist's inspired response to the flamelike evergreens as they gained ground in his works and artistic thinking over the course of his sojourn in the South of France The volume provides further insight into Van Gogh's creative process through a technical study focused on two celebrated works from the artist's epic painting campaign of June 1889 The visual and literary heritage of the cypresses is featured in a compilation of images and excerpts from nineteenth century poetry novels and travel writing many translated into English for the first time **Fabricating the Absolute Fake - Revised Edition** Jaap Kooijman, 2025-10-01 When rock star Bono told Oprah Winfrey that America is an ideal that is supposed to be contagious the talk show host was moved to tears Such an imagined America rather than the nation state USA is the topic of Fabricating the Absolute Fake Pop and politics become intertwined as

Hollywood television and celebrities spread the American Dream around the world Using concepts such as the absolute fake and karaoke Americanism the book examines this global mediation as well as the way America is appropriated in pop culture produced outside of the USA as demonstrated by such diverse cultural icons as the Elvis inspired crooner Lee Towers and the Moroccan Dutch rapper Ali B This revised and extended edition includes a new chapter on Barack Obama and Michael Jackson as global celebrities and a new afterword on teaching American pop culture **Studio of the South** Martin Bailey, 2021-07-06 Martin Bailey has written some of the most interesting books on Vincent's life in France where he produced his greatest work Johan van Gogh grandson of Theo the artist's brother Studio of the South tells the story of Van Gogh's stay in Arles when his powers were at their height For Van Gogh the south of France was an exciting new land bursting with life He walked into the hills inspired by the landscapes and painted harvest scenes in the heat of summer He visited a fishing village where he saw the Mediterranean for the first time energetically capturing it in paint He painted portraits of friends and locals and flower still life paintings culminating in the now iconic Sunflowers He rented the Yellow House and gradually did it up calling it an artist's house inviting Paul Gauguin to join him there This encounter was to have a profound impact on both of the artists They painted side by side their collaboration coming to a dramatic end a few months later The difficulties Van Gogh faced led to his eventual decision to retreat to the asylum at Saint Remy Based on extensive original research the book reveals discoveries that throw new light on the legendary artist and give a definitive account of his fifteen months in Provence including his time at the Yellow House his collaboration with Gauguin and its tragic and shocking ending *Van Gogh in Arles* Vincent van Gogh, Ronald Pickvance, 1984 A collection of paintings and drawings produced by Vincent van Gogh while living in the South of France is accompanied by discussions of this period of his life and work
