The Gift in the Heart of Language Genevieve Vaughan, 2015-05-15T00:00:00+02:00 Genevieve Vaughan offers a paradigm shifting view of the structure of material and verbal communication based on mother child experience and confirmed by recent research in infant psychology This view justifies a relational epistemology that informs the material gift economy as well as the structure of language itself Provisioning economies give value to the receivers and the circulation of gifts consolidates

community Understanding language as verbal gifting unites other orientation with reason to liberate us from biopathic patriarchal conceptions of humanity Sketched against this background Vaughan introduces a conception of monetized exchange as a gift denying and expropriating psychological mechanism which is an unintended collective by product of verbal communication This view stands as a warning against visions of the future in which the institutions of money and the market can be fixed to be more caring and sanitized business as usual can halt the destruction of Mother Earth Rather a gift economy which takes as its model the mother child interaction the gifting in language and the gifting in mother centered societies provides hope for a positive future

Straight to the Heart Daniel Blackaby, Mike Blackaby, 2024-08-06 Our approach to apologetics needs to change when the very idea of truth is controversial But as authors Daniel Blackaby and Mike Blackaby teach us we can still reach people if we understand what they value most This practical guide to our current landscape explores five effective communication pathways Story As people wired for narrative we can speak through the stories we live and tell Beauty In an increasingly industrialized world we can point people to pockets of beauty that reveal the attractiveness of God Art In a society that celebrates the arts we can cultivate creativity in the church then send artists out as cultural missionaries Desire To a people motivated by love identity and purpose we can show how Jesus is the perfect fulfillment of our deepest longings Community As relational creatures where connectivity is disappearing we can offer a community of unified diversity Culture may be in flux but God's Word remains true Straight to the Heart helps us speak to the passions that drive our culture

Studies on the Teaching of Asian Languages in the 21st Century

Hüseyin İçen, Seniyi Vural, 2014-03-26 In recent years there has been an increasing demand for and rapid development in the learning and teaching of Asian languages as a foreign language throughout the world Many governments recognize that Asian languages are of strategic economic importance and thus they are now offered as a foreign language by a great number of schools and higher education institutions This book contains chapters written by different authors from several countries on key issues and problems in the teaching of the Chinese Russian Farsi Japanese and Malaysian languages and some comparative studies The contributors here explore future directions in the teaching of Asian languages in the 21st century The ten chapters of the book have been prepared by the authors using the scholarly papers they presented at the Second International Symposium on Asian Languages and Literatures ADES which was held on 3-4 May 2012 at Erciyes University Kayseri Turkey under the title of Teaching of Asian Languages in the 21st Century *From Seed to Fruit (Revised and Enlarged Second Edition)* J. Dudley Woodberry, 2008-06-01 The revised and enlarged second edition of J Dudley Woodberry's *From Seed to Fruit* expands on the next stage of the ongoing collaborative research and reflections of many people from many organizations desiring to bless Muslims Seven additional chapters survey major trends in global Islam today and explore themes that prove to have considerable influence on fruitfulness including a new chapter on building Christlike relationships with Muslims The Global Trends Research Group has continued to update the demographic materials on Muslim people groups their access to Christian witness and when and how Christian groups covenant to provide meaningful access *From Seed to Fruit* presents the most recent worldwide research on witness to Christ among Muslim peoples using biblical images from nature to show the interaction between God's activity and human responsibility in blessing these peoples **The Heart as a Drum** Robin Riley Fast, 1999 An accessible introduction to a wide range of contemporary poetry by Native Americans **Paradigm Shift in Language Planning and Policy** Etienne Koffi, 2012-01-27 The book proposes a paradigm shift in language planning and language policy in Africa For the past fifty years the dominant model has been the hegemonic model whereby a language of wider communication LWC is imposed on minority languages It is now time for a paradigm shift in favor of a more egalitarian model in which all the languages spoken in the same country irrespective of their size are planned The paradigm shift concerns four critical areas status planning cost benefit planning acquisition planning and corpus planning Such a shift is justified for the following reasons First the hegemonic model has a dismal track record of success in Africa and elsewhere Second the hegemonic model exacerbates linguistic conflicts in many countries Consequently policy makers shun it for fear of jeopardizing the fragile social fabric in their respective countries Last a shift away from the hegemonic model is recommended because it is too costly to implement The democratic model is undergirded by the Strategic Game Theory proposed by David Laitin It forecasts a 3:1 language outcome for most African countries This outcome supports the three language formula now called for by the United Nations Development Program UNDP *A History of the Heart* Ole Martin Høystad, 2009-05-01 A fascinating investigation into the heart the locus of grief
