forced to surrender Here is the incredible story of Operation Barney the daring plot to penetrate those minefields and decimate the enemy fleet The brainchild of the dedicated sub commander Vice Admiral Charles Lockwood the mission would hinge on a new experimental sonar system that would with luck guide American submarines safely past the mines and into the open sea The nine submarines chosen nicknamed Hellcats were tasked with the impossible the combined crews of 760 submariners all knew their chances of survival hinged on an unproven technology and their own nerve Based on original documents and the poignant personal letters of one doomed Hellcat commander Sasgen crafts a classic naval tale of one of World War II s most dangerous missions
