*The Hidden Springs* Aplyn Wynn-Jones, 2008-04-01 Not quite history but more than a tale of the Forty five this explores the perennial questions How could Charles Stuart land with just seven companions and persuade the Highlands to rise Why did the Scots turn back at Derby with the road to London open before them And if they had not returned James Oglethorpe is little known but he was a more pleasant companion than Drake or Nelson and led a life no less active and diverse How many exhilarating figures have we not quite forgotten but not widely remembered Our story is set in the reigns of Queen Anne and the early Georges We face the beauty and squalor the cruelty and kindness the tragedy and the fun It was the age of Gin Lane and of Gainsborough's ladies the slave trade and Wren's churches Blenheim and Fontenoy but a time of discovery and invention too It was corrupt cruel and smelly But worse than our day Is slavery for greed worse than genocide for reasoned policy At least a poor redcoat could lie among flowers with a skylark singing overhead there were butterflies and horses and children playing in the street If life was shorter there was all the more reason to live it with zest and grace There's true love in the tale too not sewn on to make a story but woven in the fabric      **The Secret of the Hidden Valley**
