The Kiss A Memoir

Jeffrey Berman

The Kiss A Memoir:

The Kiss Kathryn Harrison, 2011-05-04 Exquisitely and hypnotically written like a bold and terrifying dream *The Kiss* is breathtaking in its honesty and in the power and beauty of its creation In this extraordinary memoir one of the best young writers in America today transforms into a work of art the darkest passage imaginable in a young woman's life an obsessive love affair between father and daughter that began when Kathryn Harrison twenty years old was reunited with a parent whose absence had haunted her youth A story both of taboo and of family complicity in breaking taboo *The Kiss* is also about love about the most primal of love triangles the one that ensnares a child between mother and father Praise for *The Kiss* I couldn't stop reading this I'll never stop remembering it Mary Karr author of *The Liars Club* Only a writer of extraordinary gifts could bring so much light to bear on so dark a matter redeeming it with the steadiness of her gaze and the uncanny heartbreaking exactitude of her language Tobias Wolff author of *This Boy's Life* Beautifully written jumping back and forth in time yet drawing you irresistibly toward the heart of a great evil *The New York Times* Like all good literature *The Kiss* illuminates something that we knew already while also teaching us things we had not even suspected *Los Angeles Times* A darkly beautiful book fearless and frightening ironic and compassionate Mary Gordon author of *Circling My Mother* Harrison's story is her own but it is also a brilliant fiction densely mythic sometimes almost liturgical sounding and raw She is both author and protagonist of a dark pilgrim's progress *The Atlanta Journal and Constitution*

The Kiss Kathryn Harrison, 1999-08-01 *The Kiss* Kathryn Harrison, 2009 The author shares the story of her obsessive love affair with her father It all began when she was twenty years old and was reunited with the father whose absence had haunted her youth

Thomas Larson, 2007-05-15 The memoir is the most popular and expressive literary form of our time. Writers embrace the memoir and readers devour it, propelling many memoirs by relative unknowns to the top of the best seller list. Writing programs challenge authors to disclose themselves in personal narrative. Memoir and personal narrative urge writers to face the intimacies of the self and ask what is true. In *The Memoir and the Memoirist*, critic and memoirist Thomas Larson explores the craft and purpose of writing this new form. Larson guides the reader from the autobiography and the personal essay to the memoir, a genre focused on a particularly emotional relationship in the author's past: an intimate story concerned more with who is remembering and why than with what is remembered. *The Memoir and the Memoirist* touches on the nuances of memory, of finding and telling the truth, and of disclosing one's deepest self. It explores the craft and purpose of personal narrative by looking in detail at more than a dozen examples by writers such as Mary Karr, Frank McCourt, Dave Eggers, Elizabeth Wurtzel, Mark Doty, Nuala O Faolain, Rick Bragg, and Joseph Lelyveld to show what they reveal about themselves. Larson also opens up his own writing and that of his students to demonstrate the hidden mechanics of the writing process. For both the interested reader of memoir and the writer wrestling with the craft, *The Memoir and the Memoirist* provides guidance and insight into the many facets of this provocative and popular art form. **Memoir**

Ben Yagoda, 2009-11-12 From a critically acclaimed cultural and literary critic, a definitive history and analysis of the memoir. From Saint Augustine's Confessions to Augusten Burroughs's *Running with Scissors*, from Julius Caesar to Ulysses Grant, from Mark Twain to David Sedaris, the art of memoir has had a fascinating life and deserves its own biography. Cultural and literary critic Ben Yagoda traces the memoir from its birth in early Christian writings and Roman generals' journals all the way up to the banner year of 2007, which saw memoirs from and about dogs, rock stars, bad dads, good dads, alternadads, waitresses, George Foreman, Iranian women, and a slew of other illustrious persons and animals. In a time when memoir seems ubiquitous and is still highly controversial, Yagoda tackles the autobiography and memoir in all its forms and iterations. He discusses the fraudulent memoir and provides many examples from the past and addresses the ramifications and consequences of these books. Spanning decades and nations, styles and subjects, he analyzes the hallmark memoirs of the Western tradition: Rousseau, Ben Franklin, Henry Adams, Gertrude Stein, Edward Gibbon, among others. Yagoda also describes historical trends such as Native American captive memoirs, slave narratives, courtier dramas where one had to pay to NOT be included in a courtesan's memoir. Throughout, the idea of memory and truth, how we remember and how well we remember, lives is intimately explored. Yagoda's elegant examination of memoir is at once a history of literature and taste and an absorbing glimpse into what humans find interesting in one another. **Memoir**

G. Thomas Couser, 2012-01-19 A compact, pithy guide to the most popular form of life writing. *Memoir: An Introduction* provides a primer to the ubiquitous literary form and its many subgenres.

Father-Daughter Incest in Twentieth-Century American Literature Christine Grogan, 2016-10-03 The first major study to challenge the narrow definition of post-traumatic stress disorder (PTSD) by rereading six American literary texts, this

book argues for the importance of literature in representing not just circumscribed singular traumatic events as Cathy Caruth argued in the late nineties but for giving voice to chronic and cumulative or complex traumatic experiences This interdisciplinary study traces the development of father daughter incest narratives published in the last hundred years from male authored fiction to female authored memoir bringing new readings to Fitzgerald s Tender Is the Night Ellison s Invisible Man and the Dylan Farrow Woody Allen case This study builds on the work of those ushering in a second wave of trauma theory which has argued that the difficulty of speaking about a traumatic experience is not necessarily caused by neurobiological changes that prevent victims from recalling details Rather it s from social and political repercussions In other words they argue that many who experience trauma aren t unable to deliver accounts they fear the results There is a significant gender component to trauma whose implications along with those of race and class have largely gone unexamined in the first wave of trauma theory Exploring two additional questions about articulating trauma this book asks what happens when the voice of trauma is crying out from what Toni Morrison has called the most delicate most vulnerable member of society a female child and second what happens when the trauma is not just a time limit event but chronic and cumulative experiences Some traumatic experiences namely father daughter incest are culturally reduced to the untellable and yet accounts of paternal incest are readily available in American literature This book is written in part as a response to the psychological community which failed to include complex PTSD in the latest edition of the DSM DSM 5 denying victims many of whom are father daughter incest survivors the validation and recognition they deserve and leaving many misdiagnosed and thereby mistreated

Mad Muse Jeffrey Berman, 2019-09-03 Many of the well respected scholarly studies of autobiographical writing have little or nothing to say about mental illness This book uncovers the mysterious relationship between mood disorders and creativity through the lives of seven writers demonstrating how mental illness is sometimes the driving force behind creativity
