Northend, 2018-09-21 Reproduction of the original Historic Homes by Mary H Northend **The Manors and Historic Homes of the Hudson Valley** Harold Donaldson Eberlein, 1924 **Florida's Historic African American Homes** Jada Wright-Greene, 2021-05-03 The state of Florida has a rich history of African Americans who have contributed to the advancement and growth of today From slaves to millionaires African Americans from all walks of life resided in cabins homes and stately mansions The lives of millionaires educators businessmen community leaders and innovators in Florida s history are explored in each residence Mary McLeod Bethune A L Lewis and D A Dorsey are a few of the prominent African Americans who not only resided in the state of Florida but also created opportunities for other blacks to further their lives in education and ownership of property and to have a better quality of life One of the most humanistic traits found in history is the home of someone who has added something of value to society Today some of these residences serve as house museums community art galleries cultural institutions and monuments that interpret and share the legacy of their owners **Nuns Across the Orange: A History of the Pioneering Anglican Community of St Michael and All Angels, Bloemfontein** Michael Sparrow, 2021-04-21 When Sister Emma and the five women who accompanied her from England crossed the Orange River early in 1874 they exchanged the comfortable mainstream of Anglican Church life for the rigours of pioneering new works in an undeveloped country Living conditions were primitive travel was hard and money was always in short supply The newly

formed Community of St Michael and All Angels opened the first girls schools north of the Orange and the first hospital in the Free State At Kimberley Sister Henrietta achieved a world first through her successful campaign for the State Registration of nurses Four Sisters were besieged in Kimberley during the Anglo Boer War and in Bloemfontein their Mother House became a military hospital By faith and determination the Community recovered St Michael s School was raised to new standards of excellence while the Sisters expanded their mission to include Lesotho and the eastern Free State Decades of work with Bloemfontein s sick and deprived led to Sister Enid becoming known as Ma Mohau Mother of Mercy and to national acclaim in the 1970s as South Africa s Mother Teresa This book studies the development of the Community s religious life and charts the progress of their work among all races from their foundation until the death of the last Sister in 2016 Across the Orange their relative isolation from the strong centres of Anglicanism eventually contributed to their demise but not before they had established an enduring legacy The work they began in Lesotho is continued by the Community of the Holy Name while St Michael s School in Bloemfontein is recognised as one of the finest girls schools in South Africa *Archival Communities* Derek Kane O'Leary,2025-06-02 The story behind the creation of the first archives in the new United States Archives the foundational resource for historical research do not emerge from a vacuum The records documents and data that make up the historian s quarry are never neutral but are themselves the product of historical forces and individual choices What materials are included in the archive and why Whose voices are preserved for posterity and whose are silenced In recent years scholars have increasingly made archives themselves the subject of investigation With *Archival Communities* Derek Kane O Leary takes up this crucial task for the era of the early United States arguing that key components of America s archives emerged from within an Atlantic world of circulating scholars evidence practices and ideas As he shows US archives and the historical narratives spawned by the documents preserved within them drew their initial materials and meaning from this international context And while demonstrating the disproportionate imprint of powerful men O Leary s Atlantic frame reveals a far broader community of people who engaged in early archival efforts on the national state and local levels including women who influenced the act of collection and public perceptions of the young nation s historical record
