The Ladder Of Love:

The Poetic Theology of Love Thomas Hyde, 1986 This book argues that current criticism tends to take the mythology of love either too innocently or too skeptically and therefore distorts the complex roles played by the god of love in longer narrative poems and discursive works of the Middle Ages and the Renaissance

Plotting with Eros Ingela Nilsson, 2009 This volume aims at providing both students and scholars with a series of discussions of the long tradition of reading and writing the erotic seen from a number of different perspectives Making Love Paul Kelleher, 2015-07-16 In *Making Love Sentiment and Sexuality in Eighteenth Century British Literature* Paul Kelleher revises the history of sexuality from the vantage point of the literary history of sentimentalism Kelleher demonstrates how eighteenth century British philosophers essayists and novelists fundamentally reconceived the relations among sentiment sexuality and moral virtue It is his contention that sentimental discourse both philosophical and literary posited heterosexual desire as the precondition of moral feeling and conduct The author further suggests that sentimental writers fashioned the ideal of conjugal love as an ideological antidote to the theories of self love and self interest found in the works of Thomas Hobbes and Bernard Mandeville Heterosexual desire and its culmination in conjugal love in other words were represented as the privileged means for an individual to transcend self love and to develop a moral sensibility attuned to the thoughts and feelings of others At the same time Kelleher suggests other pleasures and desires particularly those

rooted in same sex eroticism were increasingly depicted as antithetical to conjugal love and thus were morally devalued and socially disenfranchised Kelleher's argument unfolds through close readings of a variety of texts including Shaftesbury's Characteristics of Men Manners Opinions Times Joseph Addison and Richard Steele's the Tatler and the Spectator Eliza Haywood's Love in Excess Samuel Richardson's Pamela and Henry Fielding's Tom Jones Although these texts embody diverse rhetorical strategies and thematic concerns he shows how they collectively reinforce an overarching sentimental ideology on the one hand heterosexual desire and conjugal love become synonymous with sympathy benevolence and moral goodness while on the other hand same sex desire is pathologized as a selfish withdrawal from procreation domesticity sociability and ultimately humanity itself
