Religion in Roman Egypt David Frankfurter, 2020-06-30 This exploration of cultural resilience examines the complex fate of classical Egyptian religion during the centuries from the period when Christianity first made its appearance in Egypt to when it became the region s dominant religion roughly 100 to 600 C E Taking into account the full range of witnesses to continuing native piety from papyri and saints lives to archaeology and terracotta figurines and drawing on anthropological studies of folk religion David Frankfurter argues that the religion of Pharonic Egypt did not die out as early as has been supposed but was instead relegated from political centers to village and home where it continued a vigorous existence for centuries In analyzing the fate of the Egyptian oracle and of the priesthoods the function of magical texts and the dynamics of domestic cults Frankfurter describes how an ancient culture maintained itself while also being transformed through influences such as Hellenism Roman government and Christian dominance Recognizing the special characteristics of Egypt which differentiated it from the other Mediterranean cultures that were undergoing simultaneous social and political changes he departs from the traditional decline of paganism triumph of Christianity model most often used to describe the Roman period By revealing late Egyptian religion in its Egyptian historical context he moves us away from scenarios of Christian triumph and shows us how long and how energetically pagan worship survived **Worshippers of the Gods**

Mattias P. Gassman, 2020-05-29 *Worshippers of the Gods* shows how fourth century Latin writers rethought traditional religion during Christianity s rise Through five interlocking studies of inscriptions laws senatorial papers and Christian polemics it traces shifting conceptions of paganism from the Tetrarchic persecution through Constantine s reign to the disestablishment of the Roman cults in the 380s Byzantine Studies , 1980 **The Invention of the Inspired Text** John

C. Poirier, 2021-01-28 John C Poirier examines the theopneustic nature of the Scripture as a response to the view that inspiration lies at the heart of most contemporary Christian theology In contrast to the traditional rendering of the Greek word theopneustos as God inspired in 2 Tim 3 16 Poirier argues that a close look at first and second century uses of theopneustos reveals that the traditional inspirationist understanding of the term did not arise until the time of Origen in the early third century CE and that in every pre Origen use of theopneustos the word instead means life giving Poirier thus conducts a detailed investigation of theopneustos as it appears in the fifth Sibylline Oracle the Testament of Abraham Vettius

Valens Pseudo Plutarch Placita Philosophorum and Pseudo Phocylides all of whom understand the word to mean life giving He also studies the use of the cognate term theopnous in Numenius the Corpus Hermeticum on an inscription at the Great Sphinx of Giza and on an inscription at a nymphaeum at Laodicea on the Lycus Poirier argues that a rendering of life giving also fits better within the context of 2 Tim 3 16 and that this meaning survived late enough to figure in a fifth century work by Nonnus of Panopolis He further traces the pre Origen use of theopneustos among the Church Fathers Poirier concludes by addressing the implication of rethinking the traditional understanding of Scripture stressing that the lack of God inspired scripture ultimately does not affect the truth status of the gospel as preached by the apostles *The Medieval Town* Edith Ennen,1979 **Constantine, Divine Emperor of the Christian Golden Age** Jonathan Bardill,2012 Constantine was the first Roman emperor to convert to Christianity The book explores the emperor s image as conveyed through literature art and architecture and shows how Constantine reconciled the tradition of imperial divinity with his monotheistic faith It demonstrates how the traditional themes and imagery of kingship were exploited to portray the emperor as the saviour of his people and to assimilate him to Christ This is the first book to study simultaneously both archaeological and historical information to build a picture of the emperor s image and propaganda It is extensively illustrated Provided by publisher **Religious Books and Serials in Print** ,1982 **Libanius and the Dancers** Margaret E.
