Thomas, 1988 The Last Navigator Steve Thomas, 2023-06-30 Revised and updated edition of Steve Thomas's classic The Last Navigator first published in 1987 *Last Navigator* J. G. McNease, 2013 *The Navigator's Children* Tad Williams, 2024-11-12 The latest saga in the New York Times bestselling world of Osten Ard concludes in the fourth and final Last King of Osten Ard novel The Hayholt is besieged by the Norns Once the home of their immortal brethren the Sithi now capital of the kingdom of men the fabled castle is under attack And as the world is distracted by this strike against humankind the Norns deathless witch queen Utuk ku turns towards the mysterious fateful valley called Tanakir the Vale of Mists Meanwhile Queen Miriamelle hurries to save the Hayholt and capture the treacherous noble Pasevalles but arrives to discover the traitor has escaped And inside Tanakir Vale of Mists the bond between Prince Morgan and Nezeru a renegade Norn has become something deeper and stranger than either of them could have anticipated They journey ever deeper to the heart of the valley's mystery encountering wonder and horror and come face to face at last with the ancient secret that has kindled the Norn Queen's war a secret that will destroy immortals and humans alike **We Wanted Wings** Bruce A. Ashcroft, 2005 **I'm God, You're Not** Lawrence Kushner, 2010 Flashes of insight surprising entertaining inspiring from one of the most creative spiritual thinkers in America The goal of all spiritual life is to get your ego out of the way outwit the sucker dissolve it shoot it kill it Silence the incessant planning organizing running manipulating possessing and processing that are the ineluctable redoubts of the ego Not because these activities are bad or wrong or even narcissistic but because they preclude awareness of the Divine To paraphrase the Talmud God says There ain't room enough in this here world for your ego and Me You pick from the Introduction Tapping the experiences and wisdom of his career as a spiritual leader Lawrence Kushner delights surprises challenges and inspires us With his signature candor wit and compassion he helps us reconnect with the why and how of our spiritual lives He encourages us to find new perspectives on the life stuff that shapes them and gently reminds us of the Source of it All These inspiring often startling insights will warm you during the dark times of your own doubts even as they brighten your quest for meaning faith identity community and holiness *Breaking the Shell* Joseph H. Genz, 2018-02-28 On the atoll of Rongelap in the northern seas of the Marshall Islands apprentice navigators once learned to find their way across the ocean by remotely sensing how islands transform the patterning of swell and currents Renowned for their instructional stick charts that model and map the interplay of islands and waves these students of wave piloting techniques embarked on trial voyages to ruprup jo kur a Marshallese expression roughly translated as breaking the shell of the turtle which would confer their status as navigators These traditional practices already in decline with imposing colonial occupations came to an abrupt halt with the Cold War era nuclear weapons testing program conducted by the United States The residents and their descendants are still trying to recover from the myriad environmental

biological social and psychological impacts of the nuclear tests Breaking the Shell presents the journey of Captain Korent Joel who having been forced into exile from the near apocalyptic thermonuclear Bravo test of 1954 has reconnected to his ancestral maritime heritage and forged an unprecedented path toward becoming a navigator Paralleling the Hawaiian renaissance that centered on Nainoa Thompson learning from Satawalese navigator Mau Piailug the beginnings of the Marshallese voyaging revitalization a collaborative community based project spanning the fields of anthropology history and oceanography involved blending scientific knowledge systems resolving ambivalence in nearly forgotten navigational techniques and deftly negotiating cultural protocols of knowledge use and transmission Through Captain Korent s own voyaging trial he and a group of surviving mariners from Rongelap are against one of the darkest hours in human history breaking the shell of their prime identity as nuclear refugees to begin recovering their most intimate of connections to the sea Ultimately these efforts would inaugurate the return of the traditional outrigger voyaging canoe for the greater Marshallese nation an achievement that may work toward easing ethnic tensions abroad and ensure cultural survival in their battle against the looming climate change induced rising ocean Drawing attention to cultural rediscovery revitalization and resilience in Oceania the Marshallese are once again celebrating their existence as a people born to the rhythms of the sea

Cruising World ,1989-07 **Occupation Circumnavigator** Lars Hässler,2009-08-28 More than just a cruising narrative this is an entertaining inspiring and instructive book invaluable to anyone planning a long distance cruise
