The Last Revelation:

Systematic Theology Paul Tillich, 2012-11-30 A great voyage of discovery into a rich and deep and inclusive vision and understanding of human life in the presence of the mystery of God H Richard Niebuhr author of Christ and Culture This is the first part of Paul Tillich's three volume Systematic Theology one of the most profound statements of the Christian message ever composed and the summation and definitive presentation of the theology of the most influential and creative American theologian of the twentieth century In this path breaking volume Tillich presents the basic method and statement of his system his famous correlation of man's deepest questions with theological answers Here the focus is on the concepts of being and reason Tillich shows how the quest for revelation is integral to reason itself In the same way a description of the inner tensions of being leads to the recognition that the quest for God is implied in finite being Here also Tillich defines his thought in relation to philosophy and the Bible and sets forth his famous doctrine of God as the Ground of Being Thus God is understood not as a being existing beside other beings but as being itself or the power of being in everything God cannot be made into an object religious knowledge is therefore necessarily symbolic Beyond doubt the richest most suggestive and most challenging philosophical theology our day has produced John Herman Randall Jr author of The Making of the Modern Mind *The Complete Works of Count Tolstoy: The four gospels harmonized and translated* graf Leo Tolstoy, 1904

The Terminal Generation R.C. Courson Jr., 2014-04-29 Be Prepared Robert C Courson Jr has a folksy way of warning people that life is brief You may tie your shoes this morning but the undertaker could untie them tonight In other words he said We have no promise for tomorrow the Danville Ill Commercial News by staff writer Mary Wicoff Robert C Courson Jr ThD senior pastor of the First Church of God in Mitchell Indiana is the author of a new book The Terminal Generation The Apocalyptic Words of Christ for Such a Time as This The book has climbed to the top of the Amazon charts for Christian Books and Bibles Bible Study and Reference as well as Kindle eBooks the Bedford Ind Times Mail June 6 2014 Be Prepared and Dont Be Left Behind This book is an instruction manual covering the things to come in our lifetime and also a survival manual of protection and preparation Be prepared and dont be left behind Jesus Christ is coming soon suddenly and silently to rapture his church the Antichrist will ascend to dominate world power and the wrath of God will be unleashed upon sinful man during the tribulation period America and the world as we know it are going to change drastically according to the unveiling and fulfillment of Bible prophecy in our terminal generation *New Being* Kenan B. Osborne, 2013-11-21 The following study on Tillich's theology is based on a doctoral dissertation presented to the Ludwig Maximilian University at Munich in December 1967 Tillich's theology however is not a simple structure to analyze since it is so systematically interrelated Certainly every major area of his theological system involves all other major areas and even the minor areas have complex ramifications to the total system itself The following pages therefore can only be construed as one among many viewpoints of his system Tillich's theological structure might be compared to a painting or some other work of art one must view it now from this

direction now from that in order to appreciate the total effect Certain points should however be mentioned here First of all a key notion in this system is essentialization This concept rounds off and completes Tillich's entire work Unfortunately Tillich himself did not write extensively on this topic nor did he actually correlate it to the beginning and middle of his system although it expresses the final telos of his entire theological work I have drawn out of the Systematic Theology as much as possible on the subject of essentialization and have tried to analyze it in light of other key concepts in his system
